WORDS FROM OUR PRESIDENT

From all accounts the visit to the Tonsley Precinct was very well received by all. Unfortunately Ann and I missed the tour due to work, however we enjoyed the company of members at the Marion Hotel afterwards. What an amazing venue!

Thanks to Phil for organising the tour and speaking about the facility afterwards. He spoke about the number of businesses there and the involvement of TAFE, Flinders University and numerous others. Phil also spoke about future developments such as retail and a brewery to come.

Ann and I are having a few days break enjoying the Eyre Peninsula with Paddy! See you next week.

Cheers

President Chris

During the tour and Phil's after dinner presentation, members of RCKP learned that the Tonsley Technology Park is a remarkable redevelopment of the old Mitsubishi car manufacturing site. It is a mixed use precinct focusing on commercial enterprises, education, and residential and community living . We were able to see cutting edge robotics and 3D printing facilities. Afterwards, Phil spoke enthusiastically about the positive energy, super fast internet, spirit of cooperation and networking opportunities he had appreciated since recently relocating his business to the precinct.

Thanks to Phil Dautel, the Precinct Director for the Tonsley Innovation Precinct and Raphael Garcia from Flinders University New Venture Institute who were our tour guides.

The Four-Way Test

1. Is it the **TRUTH**?
2. Is it **FAIR** to all concerned?
3. Will it build **GOODWILL** and **BETTER FRIENDSHIPS**?
4. Will it be **BENEFICIAL** to all concerned?
