CLUB NEWS:

Rotary Club of Kidman Park

From Our Past-President

Thank you for celebrating the year with me last Sunday. Many thanks to Paul Denley for looking after us as MC, you always do a great job, and I never have to worry about your Jokes! Thanks for making it a fun day. It was my honor to be able to nominate and vote in Rob Chambers and Warren Hobbs as co-presidents. Rob and Warren volunteered for this great and innovative way to address the challenge of this important leadership role because of their passion, commitment and desire to secure the future of the club. Congratulations and well done!

Rob and Warren have got to work very quickly working through meeting structure and options, committee arrangements (further information to come out) and organising board meetings. If you haven't read it already, I encourage you to read the email from Rob titled Meeting Tuesday 9 August a copy is on page 7. This has important information about this coming Tuesday's meeting as well as information about how the co-presidents role will work this year and that important discussion will happen on Tuesday night about future meeting arrangements. Please make sure if you can, to support our new co-presidents by coming on Tuesday night and being part of the discussion.

The guest speaker this week is Ian Coate. Thank you to Shirley Roberts for organizing this speaker, I know you have passion for Calperum Station and organising Ian as a guest speaker is a great way to bring that to the club. Further Information about this on page 6.

I have included a copy of my year that was speech on page 9, if you weren't able to attend, I encourage you to read it. In writing it, it was a really good opportunity to reflect on the year and realise that we did achieve a lot together. I thank the club very much for honoring me with a Sapphire Paul Harris Fellow. I will admit that it was a really tough year, the challenge of being president particularly during Covid times, starting a new job and other things in a busy life made it much harder than I anticipated when I volunteered for this role 3 years ago. This honor was really meaningful and especially lovely to receive the pin from my Dad!

It was great to hear from Norm Lewis about his life at the Change-over, thanks to Warren for facilitating that. Norm's life is interesting not just because he has 105 years of experiences, but also his ground breaking work in the Forestry and many trips to Antarctica. Lots to talk about with him!

That's it, the last President's report from me! As I move to my role as Krier Editor, please let me know if you have any ideas or suggestions. A bumper edition this week, so no jokes page, but don't worry I will bring it back—so send through jokes when you come across them! This is your Krier, so please send through photos and stories!

A REMINDER: When you are the person responsible for introducing the Guest Speaker, please contact them well before the meeting to "touch base". Remind them of the date, starting time and venue of our meeting. Ask them for a bio and photo to appear in the Kidman Krier. In addition should they require a computer (or bring their own), cables, a roving or lapel microphone, etc., for their presentation, make sure that you determine their exact requirements and advise the member scheduled for Furniture. On the night, welcome them at the door upon their arrival, buy them a drink and introduce them to the president and other members at the pre-dinner gathering. During their presentation, take notes that capture the essence of their talk and send that to the Editor for that week's edition of the Kidman Krier.

If you are unable to fulfil your rostered role, please arrange a swap with another member before advising Wayne Comley and the Kidman Krier Editor Ali Harris kidmanparkrotary@gmail.com.

CLUB NEWS:

Rotary Club of Kidman Park

This Week—Tuesday 9 August

Guest Speaker —Ian Coate, Calperum Station

Ian has been an Electronic Engineer for 40 years. Most of that time has been with Dept of Defence but more recently become a founding partner of a start-up company RFTEQ that solves advanced electronic communications and radar problems in the defence sector. Married to Suzette for 34 years with three adult children. Ian joined Rotary in 2014 as a way of keeping up social and community interaction leading up to planned retirement from the Government in two years time. Unexpectedly founding and running RFTEQ has well and truly kept Ian occupied. Ian has always had a strong commitment to service to others, and Rotary remains very important. Environmental matters are also high on the agenda and the opportunity to become engaged at Calperum and more recently on the "Calperum and the Environment" (CATE) committee is really exciting. Rotary has only recently included "Protecting the Environment" as an major Area of Focus, giving sites like Calperum a greater profile.

Meeting Arrangement for this week

On Tuesday August 9 the chef at the golf club will not be available, however we have negotiated with the WH golf club to allow us to order in pizza. The golf club will provide cutlery, plates, cleaning up and bar service. We will pay the WH golf club a room hire and service fee/person. (27 minimum people). The WH golf club have been really helpful as they are keen to have a long term relationship. We also regard their venue as the best available in the local area. We will order the pizza from the local West Beach Pizza Bar (menu attached). Don't like pizza ? There are other choices. We will probably order 'large' pizzas to share.

CLUB NEWS:

Rotary Club of Kidman Park

Copy of email from Co-President Rob Chambers

Hi All members KPR, Firstly thank you for putting your trust in Warren and myself to guide The Rotary club of Kidman Park through 2022 - 2023. WHAT YOU NEED TO KNOW !

1. Warren and I are not doing this because we have nothing else to do.

2. We have a commitment and passion for this club and wish to secure the future of the Rotary club of Kidman Park for the benefit of members and the general community who benefit from our activities and fundraising.

3. There will be changes to the business model we have used for decades.

4. Warren has already outlined significant changes to the President's role and the greater role of a chairperson to run weekly meetings. The new reduced role of the president is to head up the board and liaise with RI and District 9510. Please volunteer to be chairperson for 2 months (usually only 6 meetings) or 1 month would be great.

5. The theme behind this change is 2 fold. (A) Make the Presidents role more attractive and less daunting for potential candidates. (B) Spread the work load to more members so lots of people are engaged and all members are doing a small task contributing to the weekly running of the club and club activities.

6. We are experiencing low attendances mainly due to Covid isolation rules and fear of catching Covid at meetings. The consequence of this when our attendance at meetings is less than 35 then the club suffers a financial loss. On 2 occasions our attendance has been only 25 which means a loss of $250 each time. Clearly unsustainable and we are trying various options to change this. Discussion at next meetings. We are actively negotiating with the golf club as well as investigating our catering options in West Beach area.

7. On Tuesday August 9 the chef at the golf club will not be available, however we have negotiated with the WH golf club to allow us to order in pizza. The golf club will provide cutlery, plates, cleaning up and bar service. We will pay the WH golf club a room hire and service fee/person.(27 minimum people). The WH golf club have been really helpful as they are keen to have a long term relationship. We also regard their venue as the best available in the local area. We will order the pizza from the local West Beach Pizza Bar (menu attached). Don't like pizza ? There are other choices. We will probably order 'large' pizzas to share.

8. We urge you to come to every meeting you can especially when the number attending is critical to our financial and social wellbeing. (Even if you don't like pizza. Sorry- This is the best short term option.)

9. Our speaker is from The Culperum Station, a very interesting environmental project near Renmark.

10. We look forward to your attendance and importantly your opinion and ideas to move forward.

11. The club program for August & September will be outlined on Tuesday.

12. Please phone Warren or myself if you have any concerns or ideas to assist this transition.

CLUB NEWS:

Rotary Club of Kidman Park

Outgoing President Ali Harris Changeover Speech

I would like to start by thanking the members of the Rotary Club of Kidman Park in trusting me with the position of president over the last year. I would like to especially thank my board of Wayne Comley, Rose Willington, Rob Chambers, Chris Hughes, Tom Bunnik, Karen Feind, Warren Hobbs, Chris Branson and in the beginning Bob Gloyne and Clive Turner for their amazing work and support in a challenging year.

When I stood before you this time last year, we thought we were through the worst of the Covid pandemic. My theme for the year was on connection, particularly connections with the community and the broader rotary family. As we know, we weren't through the worst and a lot of our focus and energy was working out how we could stay connected with each other, in all sorts of creative ways and trying to provide some consistency and normality in an ever changing environment.

Early in the year we said good bye to the West Beach Life Saving Club and thanked them for their years of service and moved here to Westwood Ho Golf Club. Our meetings took a variety of format over the last year including having to go back to zoom meetings every so often, it was great to see groups of members get together for those meetings and also provided an opportunity for some of our members who mostly due to their health issues weren't able to come to meetings. So while no one loves zoom, there are some positives.

We had a brainstorming session with the members which provided a lot of ideas. We introduced some of these such as welcoming back partners nights, having our members share their life stories and having a quiz night instead of a speaker. The new board will continue to consider some of the other ideas raised as we move forward.

Amazing speakers has always been a big part of my enjoyment of Rotary and I am sure yours as well. It has been fun to look back on my presidents reports and see week after week of reports that start with "what an amazing night last night" or "how lucky were to experience that speaker!" We had 30 fabulous speakers kindly donate their time to present to us this year, some of my favourites were

- President Emily Harman from the Salisbury City Rotaract Club who spoke to us about STEPtember and inspired a group of us to participate
- Sophia Katari from the Junction Community Centre who motivated us to support the centre with a community project this year
- Lachlan Mullen's a young man who defied the odds of his cancer diagnosis.
- Sarah McGrath about aid for Ukraine who brought with her Nataliia who had recently arrived in Adelaide from Ukraine.
- And who can forget Colleen Billows from Ronald McDonald House, this amazing woman has donated her retirement years to looking after sick kids and their families and how she learnt to abseil in her 80s because it was a great way to raise money for this important cause.

Thank you to all of the committees for organising such amazing and diverse range of speakers there were many others that inspired me that I haven't mentioned today.

This year through our Vocational/Youth, International and Community committees we have achieved some amazing things. Thanks to the committees and their Directors of Chris, Tom, and Clive for their leadership. Together we achieved the following

- We sponsored 2 students from Underdale Highschool to participate in the lifechanging Operation Flinders Program
- 2 students from Nazareth Highschool to attend in the Santos Science Experience at Adelaide University
- One student from Urrbrae Highschool to go on the Youth Sailing Challenge
- Our Tanna container ship finally departed and arrived in Tanna and the medical supplies were distributed to where they were needed.
- We also provided funds to support a Global Grant for building of toilets and wash stations in Nasik, India
- We collected clothing and sanitary items for the displaced people from the Ukraine, now staying in Adelaide Thanks to Stuart Ghent and Elizabeth Gates for arranging this.
- We improved the capability of the Junction Community Centre by gyprocking a training room, installing a rangehood in their kitchen and an air conditioner in their Creche.
- We supported Salisbury City Rotaract Club in their aim to raise $10,000 for STEPtember to support people with Cerebral Palsy. This included 4 of us aiming to achieve 10,000 steps a day during September. Together our Group of me, Chris Hughes, Tina Murray and Ann Branson achieved our goals and so did the Salisbury City Rotaract Club.
- We sponsored the West Beach Life Saving Pink and Blue Swim again this year. Which raises money for Breast Cancer and Prostate cancer support and research. It is such an amazing event! This year we had a pride of place display telling people about the club and a pop-up book store which was quite the draw card!
- We continue to provide drivers on Wednesdays to Meals on Wheels and due to a shortage of drivers on Fridays we answered to provide an additional driver for 3 months mid May to support them during their volunteer shortage.

Of course what enables us to do most of these things is fundraising as well as the district Grants that Rob secures for us. For us our major fundraiser is the Rotary Bookmart. This year we sold $28,377 worth of books and after expenses we had made $18,942 to put towards projects. Thank you especially to Jenny Harris for all her work and her Bookmart committee and all the fabulous volunteers from both inside the club and outside the club.

We also said goodbye to the West Lakes Library Bookmart. So many Rotarians were involved in the success of the bookmart over the years and of course the fabulous volunteers, which ran for over 16 years and grossed over $150,000 what an amazing achievement and contribution! A special thanks to Margaret Sargent and Stuart Ghent for their work.

The closure of the West Lakes Library did result in us getting some great shelves that allows us to have more books on display and are easily put away for other uses of the building especially the Girl Guides. It was exciting recently that these shelves mean it is far easier to prepare for sales. Even though our books are always cheep for some reason our $1 and $2 sales make significantly more money, so it great that the Bookmart continues to grow and develop and is essential to our Club's success.

We undertook a range of things that keep the club going and to improve the administration of the club, these tasks are often quite thankless, so I want to make special note of them. Thanks to Karen for leading the Administration Committee.

- The Club Bylaws were reaffirmed in November. Many thanks to Peter Murton
- All board meetings are documented and circulated. Many thanks to Wayne Comely.
- All club assets, including lectern and sound system were removed from West Beach Surf club and have either been stored here or at the shed in the Bookmart at Woodville West and a new cabinet was purchased to store club items easier here.
- A magnificent effort by our weekly Bulletin editor Rob Stocker who managed to publish the Kryer 2 days after our meetings (which I am not currently achieving)
- Publication of the new website site is due early 22/23. Many thanks to Rob Stocker for taking the lead on this detailed project.
- The club maintains 2 public Facebook sites the Club page and the Rotary Bookmart page to inform members and the public of Book Sales and events.
- Members will vote shortly on a new t-shirt design have a look at this week's bulletin for pictures. A grant of $750 has been secured from the district to assist with costs.
- Staying ontop of SA Health Guidelines in relation to Covid restrictions.

Finally it is the fellowship that keeps our club together and along with meetings, fellowships events are a big part of this. Thank you Rose for leading the Fellowship committee, given the challenges of Covid you have put on some great events.

- The first event was a great Guess Who's Coming to lunch Thankyou to the 7 hosts and chefs of the day serving up extraordinary meals and opening up their homes.
- The Christmas lunch was at the Westward Ho Golf club with Henley Rotary Club members and Santa and helper in attendance.
- Our Presidents BBQ initially postponed in January was held in March at WBSLSC and provided a timely catchup for quite a few members not attending in previous months.
- An Old Adelaide Gaol Tour with a lunch at Plant 4 was really great on in March.
- A true and tried outing was a dinner at the Graduates Restaurant in June. Always a favourite and well attended.
- For our last organised Fellowship event this year a tour of The Holy Trinity Church on North Terrace was lead by our very own tour guide Ron Harris followed by a lunch on the balcony of the beautiful Strathmore Hotel.

I am glad I had the opportunity to reflect on what we achieved this year, sometimes it is easy to loose sight of this. Shortly you will see a video of some of those things. We aren't really a camera happy club and so we don't have pictures of everything, but I thank Bob Gloyne and all our other photographers for what we do have and my son has put this video together for us. He chose the music by googling "music for old people", so we'll see how that goes!

As I finish I would like to thank Darren and Jay for their support at home, I know that you are looking forward to spending more time with me now that my year has finished, and thank you to Mum and Dad, Anne and David Simpson, our weekly family night dinners often turned into counselling and support sessions and you were always at the end of the phone when I needed you. Thank you.

Thank you again to my current board of Wayne, Rose, Rob, Chris, Tom, Karen and Warren and all of our members that supported me this year.

Rotary Club of Kidman Park

New Shirts

A Sub committee lead by Admin Director Karen Feind has been working on a new shirt design. This shirt will be in a more modern, lighter fabric. The design is aimed to keep some connection with Kidman Park and utilises gum leaves from our Kidman Park Homestead signage. There are two options below, the first has the picture along the side of the body and the second has the picture only at the top. Please let Karen know which version you prefer.

GENERAL INFORMATION

KPRC BANK DETAILS

The use of Direct Debit transfer of funds is now commonplace and it is very easy to use this facility to pay for the activities of the club. To assist the Treasurer, it is important that you include (in the reference section of the online transfer document from your own bank) your name and the club activity for which you are paying (e.g. John Smith Club Subs). Club bank details are:

Business Name : Kidman Park Rotary Club Inc.

Admin Account
BSB : 633 000
Account : 152 107 249

MEALS ON WHEELS

Meals on Wheels drivers are required for Fridays.

We have committed to assisting Meals on Wheels on Fridays by providing a driver for the next 3 months on round 3.

Meals on Wheels are extremely short staffed of volunteer drivers for round 3 Seaton/ Albert Park Area. If any one is able to assist it would be appreciated. Please let Karen know if you can help. Seven people would mean you would only need to do it twice.
