CHILL

Rotary Kidman Park

I was walking home last night and decided to take a short cut through the cemetery...3 girls walked up to me and explained that they were scared to walk past the cemetery at night,so I agreed to let them walk along with me.I told them "I understand...I used to get freaked out too when I was alive."

Never seen anyone run so fast

I tried donating blood today...NEVER AGAIN!!!
Too many stupid questions. Who's blood is it? Where did you get it from? Why is it in a bucket?

WORDS FROM OUR PRESIDENT

Guest speakers, Fay Reid and Trevor McGuirk from the Rotary Club of Unley along with Peter Koti from Dalousa Village, Solomon Islands, gave us good reason to consider helping with their much needed development project. The 4 x 5,000 Litre tanks, 6 toilets, hand washing stations and two showers (one male / one female) just seems so basic. This water and sanitation project is so essential for this community.

Frank Bunnik has generously donated $400.00 from his Joker Draw winnings to the project, thank you Frank. The board will add to this to provide much needed funds to help support this project.

Our Business Networking meeting on 17th March is set to be a big night with guest speaker, comedian Glynn Nicholas. I will Induct 2 new members to our growing club making 8 new members so far in 2019/20.

I look forward to catching up with you all this Tuesday night when we hear from guest speaker, Bryan Hughes on 'Water and Sanitation Rotarian Action Group' (WASRAG). This is good timing following on from last week's speakers on the Solomon Islands Project.

Yours in Rotary

Kevin Tiggy

GUEST SPEAKERS - TUES, 3RD MARCH

Peter

Peter Koti, Fay Reid and Trevor McGuirk joined us to discuss life in Dalousu Village on an island in Langa-Langa Lagoon in Solomon Islands. Since first visiting the island, Fay has been dedicated to providing education and helping Peter as village leader, and his community to develop a shared vision of improving the lives of the poor by building self reliance and self sufficiency. Trevor from the RC of Unley is utilising his extensive experience with Rotary projects in Peru, to help them achieve their goals with support from Rotary.

The nation of Solomon Islands is among Australia's closest neighbours, lying south east of Papua New Guinea. According to Fay, it consists of over 300 Islands, is populated by fewer than 1 million people and 63 languages are spoken throughout the archipelago. Peter speaks 5 languages.

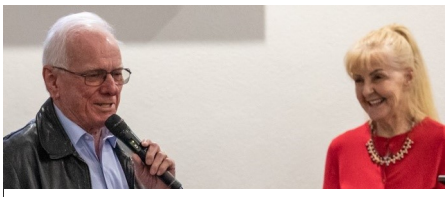

Trevor with Fay and Peter

Toilet' in the mangroves

Many of us would have heard of the fierce battles that took place in Guadalcanal in the Solomon Islands between the forces of the Japanese and the USA during WW11. During the war, Solomon Islanders supported the allies. Since that time they have gained independence from the UK, but faced many challenges including a turbulent political landscape, opportunism and ethnic rivalries. As a consequence the standard of standard of living for many people remains low.

The community of Dalausu Village has been working hard to make improvements. They have, for example, manually constructed a stone wharf, dug a well that yields brackish water that is suitable for washing; limited fresh water is now available from a recently installed tank. Without plumbing the water is laboriously collected and carried in buckets. Although 1 toilet has been constructed over the lagoon, most community members still need to use makeshift exposed wooden boards over the mangroves where sanitation is an issue and the threat of a crocodile attack is ever present. There is no power on the island other than 2 recently installed solar panels that fall well short of meeting the needs of the community.

Ron Harris and Fay during question time

Sponsored by the Rotary Club of Honiara, at a cost of $33,754, a Rotary project has been developed that includes 6 more toilets, a handwashing station and two showers, and 4 x 5000 litre fresh water tanks. They also need Australian Colourbond sheeting and gutters and a range of tools. In the longer term village members are hoping to continue to improve housing, health and education, and to increase their power supply by installing more solar panels.

Fay is currently resourcing goods with the intention of send a container load to the island.

Frank Bunnik's generous decision to donate $400.00 of their Joker Draw winnings to the project was greatly appreciated.

Bookmart Update

I have made an extra section in our Bookmart for old/rare books. This is in our staff/store room.

I didn't want to leave these books in the main part of our Bookmart as these books are more valuable.

I have Googled and found out the market value of them and pencilled it in the front covers of the books.

If you are trying to find out the value of a book look on the website Abe-Books.com or EBay if you can't find it.

If you add other old books to this section make sure you only use a pencil when writing the value of the book.

Talking to Libby of Edwardstown Rotary Book Exchange, they try to get half whatever the value is.

If you get a reasonable offer accept it. We know that there are book sellers around looking for these kinds of books.

Since this bookshelf is in the staff room, you will need to take any money out of this room when someone is looking.

Please do not put other books on these shelves.

Thank you for your continuing support,

Jenny

MARCH 2020 - WATER AND SANITATION MONTH

'Clean water, sanitation, and hygiene education are basic necessities for a healthy environment and a productive life.

When people have access to clean water and sanitation, waterborne diseases decrease, children stay healthier and attend school more regularly, and mothers can spend less time carrying water and more time helping their families.
