CLUB NEWS:

Rotary Club of Kidman Park

From Our President

While it was disappointing to be back on zoom on Tuesday night, it was a great way to welcome back some old friends who havn't been able to come to meetings such as Garth Palmer, Jenny Filsell and Rob Stocker—something for us to keep in mind. We had 30 people on the call, which is a greater turnout than we are having at meetings at the moment, and that is probably because we could include the people that have Covid, are in isolation or other illnesses/issues. It was great to see the group of 10 at David Simpsons House have a pizza evening!

David Egan presented to us about the potential Future of Rotary and talked about the Regionalisation Pilot Project that we will be voting on later in the year. More information is available on page 7, have a look, especially if you weren't able to make it on Tuesday night. Our club has been fairly immune to the dramatic turnover of members that other clubs have had over the past few years, but we are certainly catching up with those challenges now, so it is a good idea to consider rotary operations and support moving forward.

Here are some comments about the pilot project that are worth considering:

Club support is required before the pilot can proceed and it is important to realise that is just what it is - "a pilot" - the aim is to explore opportunities to develop, test and evaluate a regional approach to supporting and governing Rotary and Rotaract in Zone 8 (Australia, New Zealand and the Pacific Islands), from July 2023 to June 2026.

It is an opportunity for Rotarians and Rotaractors to design Rotary for tomorrow to suit our region. Hopefully it will offer more doable leadership opportunities across the organisation and create anapproach that will assist us to be more adaptive to our changing world.

"Australasian Rotarians have always been at the forefront of adopting change. We were co-sponsors of the admission of women to membership, we created RYLA and RYPEN and were amongst the first to take part in Rotary Youth Exchange, amongst many innovations. To paraphrase Bill Boyd's theme, we lead the way! PRIP Ian Riseley

The pilot requires two thirds of all clubs in each district to vote Yes for it to proceed. Clubs vote first then each District Governor will vote.

Zone 8 membership is declining despite our valiant recruitment efforts and population increases over the last 10 years. In fact we have declined 24% in this period but it is actually worse than it appears because the 24% is after including over 30,000 new members recruited in the period.

The decline in our membership is horrific and unless we do our Rotary differently, in another ten years there may not be much left. Membership, PR, projects and partnerships done in ways to fit Australia, New Zealand and the Pacific are possible. Regionalisation also presents an opportunity to refresh our leadership with the best people. Past RI Director Stuart Heal

As well as exploring better ways to govern Rotary in our region it should be noted that the ultimate aim of the pilot is to better support and strengthen the core work of Rotary and Rotaract clubs and their members, not to change clubs.

This is an opportunity to be in charge of our own destiny and become ourselves. To speak with 'one-voice' which will enable us to work with corporates, NGOs and government whilst we support our clubs to be stronger locally. Past RI Director Noel Trevaskis

On page 6, is some options for our new shirt designs, please have a look and let Karen Feind know your preferred option.

I look forward to celebrating this rather challenging year with you at the Change Over this Sunday (31 August) and sharing the story of the year! For those not able to make it, I will include a summary in the next edition of the Kryer.

New Shirts

A Sub committee lead by Admin Director Karen Feind has been working on a new shirt design. This shirt will be in a more modern, lighter fabric. The design is aimed to keep some connection with Kidman Park and utilises gum leaves from our Kidman Park Homestead signage. There are two options below, the first has the picture along the side of the body and the second has the picture only at the top. Please let Karen know which version you prefer.

CLUB NEWS:

Rotary
Club of Kidman Park

Rotary International is considering a project to address membership, public image, communication, leadership, and fundraising challenges to help define a more sustainable future for Rotary.

Our region, or Zone 8, which includes Australia, New Zealand, and the Pacific Islands, has been selected as one of two potential regions from across the globe to pilot a regional approach to governance.

It is important that you, our fellow Rotarians, are consulted throughout this process. In fact, the project cannot proceed without the support of members and clubs.

A local Regionalisation team made up of Rotarians from our zone has identified five key project objectives:

- Support clubs to engage members, volunteers, and communities
- Create new attractive leadership roles and development opportunities
- Build a stronger unified Rotary brand
- Encourage partnerships
- Improve efficiencies and reduce duplication.

To help achieve these objectives, the project seeks to develop and test a streamlined governance approach to:

- Allow clubs sharing geography, culture, and language to organise in ways that suit them.
- Eliminate duplication and remove layers of hierarchy to make Rotary more responsive and cost effective
- Bring together the best resources from across the region and make them easily accessible to every club.
- Improve communication effectiveness to enhance club and member engagement.
- Grow membership through new club types, flexibility, and partnership options reflecting our diversity.
- Attract more community, corporate, and government sector support by communicating with one voice.
- Enhance leadership and personal development activities to better suit our modern world.
- Foster more diverse perspectives in decision making.
- Reduce the burden of administrative responsibilities placed upon leaders.

The overarching aim of this project is to provide better and more direct support to Rotary and Rotaract clubs through a less layered and more devolved contemporary approach.

In addition to potentially releasing members time for humanitarian service by reducing administrative duplication, any new structure must foster more vibrant club environments and provide doable and attractive roles accessible to all potential Rotary leaders.

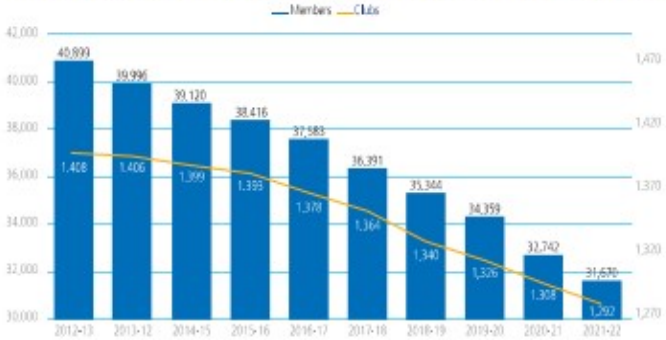

Why is this project so important?

Over the last 10 years Rotary International has recruited approximately 1.4 million new Rotarians but total membership has remained constant at 1.2 million. In Australia, New Zealand and the Pacific Islands, the trend is even worse with a loss of 23% in Rotarian membership over the last 10 years.

Changing volunteer needs and ageing demographics demand new opportunities for innovation and collaboration in the ways we serve our communities, enjoy fellowship, engage participants, develop leaders, and grow Rotary.

The time has come to address some of our most persistent challenges in ways that are more impactful, relevant, and attractive to future generations who share our passion for service and leadership. We must do so whilst enhancing what is great about Rotary.

ZONE 8 (AUSTRALIA, NEW ZEALAND & PACIFIC ISLANDS) 10 YEARS

Our journey so far.

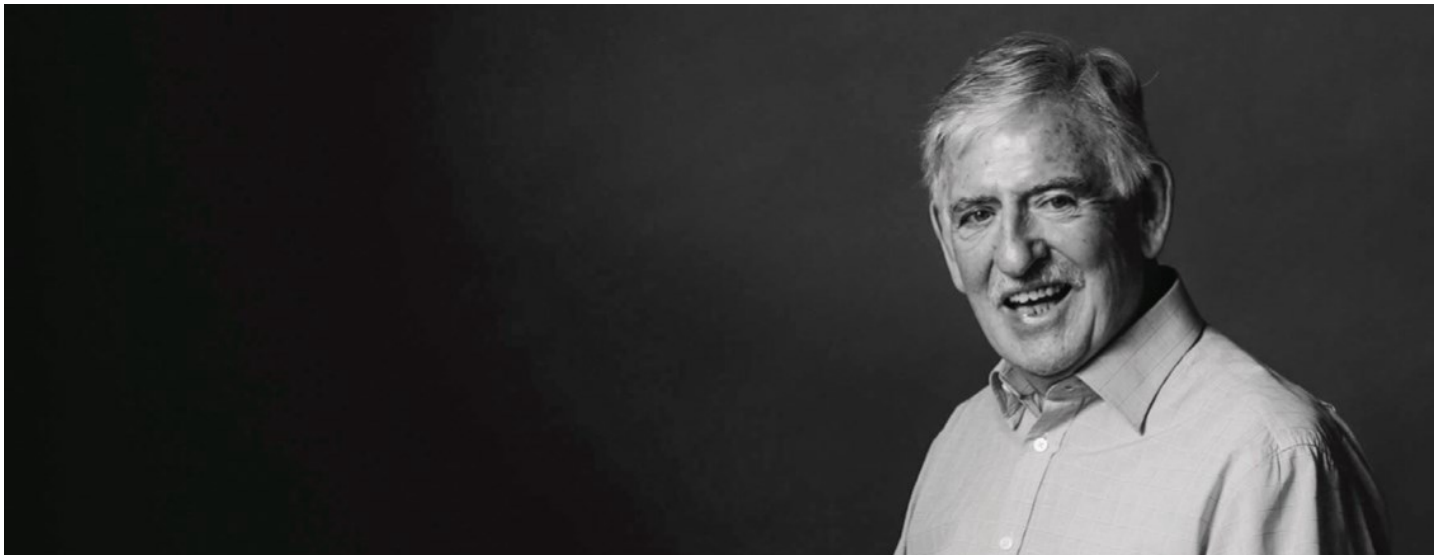

A local project team first looked at ways to reorganise 10 years ago. Building on that groundwork, the current local project team, which commenced in February 2019, has surveyed members, identified key issues, established working groups, and considered a proposal by Rotary International's Shaping Rotary's Future Committee (SRF).

Being aware of the extensive amount of work done in our Zone, the Board of RI considered us pre-qualified to be one of two regions in the world to develop and pilot a new governance solution. In February 2022 they endorsed us being a pilot subject to approval of the Council on Legislation [CoL] and the agreement of clubs and districts by 1st October 2022. CoL approved our Zone being a pilot on 13th April 2022.

CLUB NEWS:

Rotary Club of Kidman Park

A new governance approach.

To meet future challenges, it is believed we need an approach that recognises the central role of members, clubs, projects, and programs relative to impact, reach and engagement. An approach that works with groups of clubs or other collaboration configurations based on affinity, modern volunteering, and leadership expectations.

One voice marketing and national partnerships for greater fundraising and membership growth are also envisaged essentials, as is access to the best support available to help clubs evolve and be attractive to both new and mature generations.

RI's Shaping Rotary's Future Committee has provided a "framework" for us to explore, test and develop. It allows for Australia, New Zealand, and the Pacific Islands to be governed by a Regional Council that would lead and manage regional operations with the assistance of vibrant committees and specialists supporting clubs to address the challenges we all face.

It is envisaged that the role of the Regional Council would be to strategically lead and manage the activities of the region, whilst recognising the nuances and requirements of the different countries, territories, and states, set membership dues and govern Rotary in our region.

Work has already commenced to explore the framework with key stakeholders. Final aspects, which are yet to be determined, will be developed and piloted in full consultation with members, clubs, and districts both prior to and during the pilot.

What are the next steps?

Several processes are required before the project can proceed, including significant consultation with members, clubs, and district leaders across the zone as well as ongoing discussion at RI Board level:

- From the 15th May 2022, extensive club communication and consultation is scheduled to commence.
- In September 2022, the clubs and districts in our zone are scheduled to vote on whether to participate.

Other important facts should the pilot proceed are:

- Existing districts will remain in place with District Governors and the Regional Council sharing management and leadership. District personnel will be crucial to ensure continuity and support for clubs.
- The districts will remain in overall control of the direction of the pilot with District Governors playing an important leadership and advisory role during the pilot.
- Regular monitoring and evaluation will occur to confirm effectiveness and efficiency and that we improve the overall membership experience, grow Rotary and Rotaract, create opportunities for leadership growth and welcome more diverse perspectives in decision making.
- Decisions on any permanent change will be subject to approval by the RI Board, after consultation with Districts and members.

Timeline for Pilot

The following table depicts possible steps during which there will be extensive and regular communication and consultation with Rotary and Rotaract members, clubs, and district leaders as the pilot proceeds:

OUTLINE OF POSSIBLE STEPS

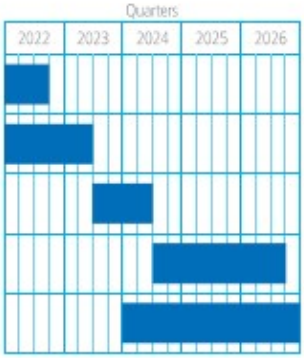

Stage 1:
Approval to develop and pilot

Stage 2:
Development phase

Stage 3:
Partial regionalisation

Stage 4:
Regionalisation
(with districts remaining)

Stage 5:
Evaluation and assessment
