Welcome	David Simpson
Joker Draw	Kevin mULLINS
Speaker	TBA

A REMINDER: When you are the person responsible for introducing the Guest Speaker, please contact them well before the meeting to "touch base". Remind them of the date, starting time and venue of our meeting. Ask them for a bio and photo to appear in the Kidman Krier. In addition should they require a computer (or bring their own), cables, a roving or lapel microphone, etc., for their presentation, make sure that you determine their exact requirements and advise the member scheduled for Furniture. On the night, welcome them at the door upon their arrival, buy them a drink and introduce them to the president and other members at the pre-dinner gathering. During their presentation, take notes that capture the essence of their talk and send that to the Editor for that week's edition of the Kidman Krier.

Please Note: If you would like to put your name down for any rosters contact CLUB SECRETARY, Ed King.

If you are unable to fulfil your rostered role, please arrange a swap with another member before advising Ed King Edward.king3@bigpond.com and the Kidman Krier Editor Robert Ryan at rjvaryan@bigpond.com.

Network Meeting 19th September

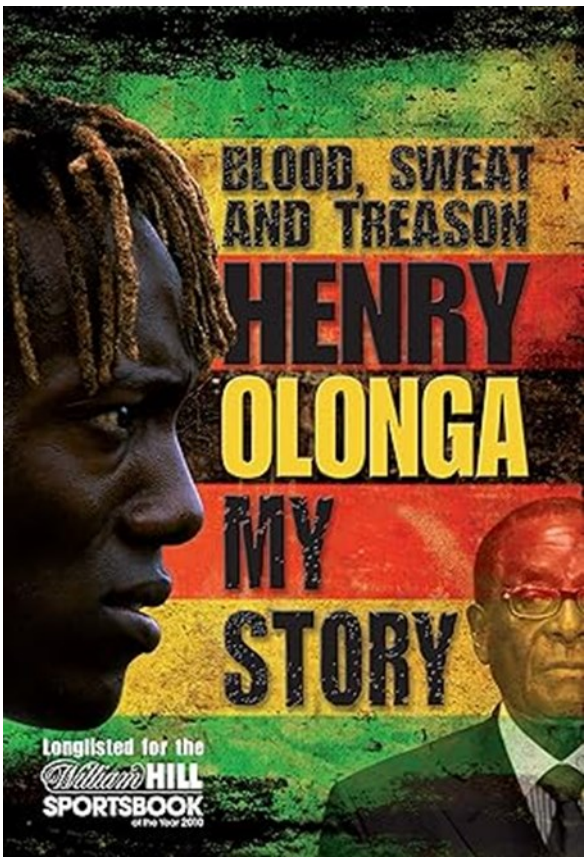

Henry Onolga

Sometime we do not know how walks amongst us.

BLOOD SWEAT AND TREASON

Review
"There are men who should be tied to a stake and forced to read Henry Olonga's book... men of whom Olonga has more courage, decency, idealism and integrity in one finger of his bowling hand..." Wisden Cricketer "An eloquent and graphic account... he is a remarkable character." Daily Mail "It's a tale of heroism, pure and simple." The Spectator "Truly gripping... an amazing tale." Sport Magazine "One of the most compelling stories I have ever read." CricketWeb

About the Author
Henry Olonga was Zimbabwe's first black cricketer and the youngest ever player to represent his country at international level. A fast bowler, he made his test debut aged 18 years old against Pakistan in 1995 and recorded career best figures of 5 for 70 against India in 1998. Following his black armband protest in 2003 he settled in England where he worked for Channel 4 and BBC's Test Match Special and played for the Lashings World XI cricket team. Since then he has embarked on careers in art, cinematography, public speaking and music.

Henry Ologna and Peter Daniels addressing the Club.

CLUB NEWS:

PRESIDENT'S REPORT 21ST. September 2023

Last meeting: Playgrounds for Mongolia.

Jack Redden from the Rotary Club of Murray Bridge attended as Rob Stocker's Guest, but he gave us a brief resume of how the project came to fruition.

Jack and his wife were visiting their son who was working on an Engineering project in Mongolia when they noticed children scavaging in the rubbish piles. They learned that there was a need for various items and on return to Australia set about sourcing playgrounds that were to be discarded by local Councils.

Despite encountering plenty of negative reactions to their idea, they found there were people who were willing to provide physical and financial support because it was for Rotary.

Six Playgrounds (two were dismantled by Kidman Park members) were packed into a container along with various other items including books, clothing, bedding & educational supplies and shipped to Mongolia.

The donated goods were gratefully received and we have a copy of correspondence expressing their gratitude.

The project involved the Rotary Clubs of Murray Bridge, Mobilong, Mount Barker and Kidman Park. It is a good example of what can be achieved by Rotary Clubs working together.

Guest Speakers. Last meeting - 19th September:

We had two Guest Speaker's who combined to provide a very different presentation than usual.

Henry Olonga, who played international Cricket for Zimbabwe and Peter Daniels, a Business Coach, delivered a very entertaining account of Henry's journey and life challenging experiences.

We learned that Henry is also a talented singer and songwriter. He wrote and performed a pro-test song called "Our Zimbabwe" which resulted in his having to leave Zimbabwe.

Henry initially moved to England but has lived in Australia for about 8 years.

Henry appeared on the Australian version of THE VOICE television show where he got through to the third round.

He has written a booked titled "Blood Sweat & Treason" which he has also recorded as an Audio version.

He is also an artist. A painting of Richie Benaud is one of his better known pieces.

For more information about Henry, check out his website: - henryolonga.net

If you are interested in hearing some more of Henry singing, Henry is also performing two shows at Star Theatres on 21st October and 28th October. https://startheatres.com.au scroll down the web page to find the details.

PRESIDENT'S REPORT Continued

Guest Speaker. Next meeting - 26th September:

Peter Taylor from West Beach Surf Lifesaving Club will be speaking. The topic is "On the same wave"

From the Website: "On the same wave" (OTSW) is a partnership between Surf Life Saving (SLS) and the Australian Government's Department of Immigration and Citizenship (DIAC).

Traditionally speaking migrants, refugees and people from Culturally and Linguistically Diverse (CALD) backgrounds have been overrepresented in both national and state drowning figures and, as such, have been identified by aquatic safety authorities as a 'high risk' group.

The initiative is structured to provide support and education to South Australians of all backgrounds, but particularly young men and women from Middle Eastern, African and Asian backgrounds.

Remember: Guests are welcome. If you know someone who might be interested invite them to come attend the meeting.

Joker Draw:

Dr Bob Hudson had the winning ticket and to everyone's delight ?? Bob selected the Joker Card and won the Jackpot.

I believe Bob has donated a significant portion of his winnings back, so there is a reasonably starting jackpot going forward.

Thought for the week:

If you promise me that you are going to stay within your comfort zone,

I will be able to tell you what you will be like at the end of your life.

You will be just what you are now, only more so.

But if you promise me you are going to stretch, to step outside your comfort zone, I cannot predict the future.

The sky is the limit

John Powel

Wayne Comley

Co-President

2023-2024

President's report continued

Playgrounds for Mongolia

Jack Reddin from the Murray Bridge Rotary Club and his wife Jill from the Mobilong Club have been heavily involved in the Playgrounds for Mongolia .

Jack gave the club an insight into the origins and successes of the program.

The following pages are a copy of an email thanking us for our involvement.

Thank you letter re Playgrounds for Mongolia

First of all, I would like to say that we are overwhelmed by your generosity and effort you have put in loading the container with the much needed donation items that will be used at our kindergarten, library, summer camp, sewing center and community outreach.
As we have unloaded and organized all donation items, we have specific use for every bit of the items which I will share in detail in this email.

We have just unloaded the container this Saturday with the support from the Rotarians and Veloo Foundation Volunteers. On Saturday, the goal was to unload, sort and organize the donations where the following works were done;

- PLAYGROUNDS: We were able to count and check 2 playgrounds on Saturday where all pieces were checked according to the checklists you provided for each playground. 1 playground 2 pieces were not found in the codes, but we will check again to see if the pieces were coded overlapping with other pieces. 2 playground pieces will be checked this week.

The donation of playgrounds and items will be allocated and impact 4 different programs and locations;

1. Veloo Foundation, Children of the Peak project in Songinokhairkhan district - Kindergarten and Library children - over 700 children will directly be impacted. (East side of the Garbage Dump) - Playground 1-Michal Reserve + Playground M - Edinburgh Rederve.

2. Veloo Foundation, Children of the Peak, 2nd kindergarten where over 300 children will be directly impacted on the west side of the Garbage Dump - Playground B - Long Island Reserve

3. Veloo Foundation Soaring Crane Summer Camp in Erdene soum where nearly 500 children are impacted every year (Playground Y - Croydon Ave reserve + Playground F - Cnr Burnbank Way & Wellow Cres)

4. One of Veloo Foundation's target areas in the countryside in relation to the fundraising horse treks being organized in the location - Erdenekhairkhan soum, Zavkhan province (kindergarten with over 300 children) - Taylor Street Reserve-Playground H

- BLANKETS AND PILLOWS: The blankets and pillows were a timely donation as we are starting a community outreach program of providing household packages for flood affected families. This summer, Mongolia had unusually heavy rain and many vulnerable households in Bayanzurkh district were affected by floods and lost their homes. So some of the blankets and pillows you have sent will be used in helping the families affected by flood and some will be distributed to vulnerable households as part of our community outreach program.

- LOCKERS: The lockers fit perfectly for our kindergarten and were immediately put to use at the kindergarten. Especially this year, due to need in the community, we opened a new classroom utilizing a small building that previously served as library at our project site where the locker needs were urgent.

- CARPETS: The carpets are put to use at the kindergarten immediately.
- Sports equipment and balls will be used for our projects at the library and also the summer camp.
- Stationary, lesson boards and toys: Our kindergarten teachers and we are all super thankful for the stationary, lesson boards and toys as we were in need of them. The amount of stationary you sent is sufficient for 1-2 school years (we will be very efficient in using them) for all our education programs, kindergarten, library and summer camp.

Continued over

- ART AND CRAFT ITEMS: It is allocated for our sewing center and for the library program which will support women's employment and women's support groups program at our community library.
- POLO SHIRTS: Will be used for our summer camp and library based programs.
- BOOKS: The books will be used at the kindergarten and our community library. As some of the books are bigger in quantity, we will also send them to the countryside (Zavkhan province, Erdenekhairkhan soum) kindergarten where 1 playground will be sent along with some of the carpets and toys.

ANSWERS TO YOUR QUESTIONS:

What were the highlights and the lowlights?

Overwhelmed and touched by the generosity of you all Rotarians. The container was loaded and organized very well which made the unpacking easy and organized. Rotary club and Interact club members in Mongolia along with Veloo Foundation staff and volunteers had a wonderful day of hands-on community work.

Did you unpack it in a big shed or outside?

We unpacked the container outside (we had very nice weather) and organized and allocated the items as noted above. The stationary and items to be used throughout the school years are stored in our project storage. The playgrounds are currently put back in the container as starting from this week they will be installed and transported to the allocated locations. (This transportation cost will be covered from Veloo Foundation and the country side one will be covered from the governor's office of Zavkhan province, Erdenekhairkhan soum)

Anything broken?

Nothing broken. All in perfect shape.

Did you find a heap for each bit of playground equipment?

Based on the document you shared, it was very easy to understand. However, when we install the playgrounds, if we have questions or need clarification, we will contact the people that are referred to at each document.

Have you got bits left over you do not know where they go?

No item that we don't know where they go.

And of course what are you going to do with the container now that it is empty?

We plan to use the container as a storage for the next 2 years as part of our new kindergarten construction process.

Veloo Foundation is in the process of raising funds for a new kindergarten building as our current building is not purpose built where we were required to renovate or rebuild due to government standards and also, the kindergarten need in our community is still high as this year alone nearly 800 children left without kindergarten. So, many of our donations are committed from our donors in the form of construction material. The container will be used as storage of the construction items until the construction is completed where we estimate about a 2 years process. After the construction is completed, we will utilize the container at one of our projects for project purposes. I have attached the 3D photos and information of our new kindergarten building plan. Also our long term vision is to make one side of the building into a small 2-3 class English language primary school.

With that note, I am happy to let you know that many of the donations will continue to be used in the new kindergarten building. As you can see in the 3D photos and information attached in this email, our new kindergarten building will have a big yard in the middle where the playground will continue to be used. Further, our current kindergarten building being a modular building, will be moved to a nearby location and renovated to serve as kindergarten.

Kind regards,
Miriam

Dorjpalam Miriam Nira
Country Director
Veloo Foundation

Up Coming Meeting Information

Upcoming Social Events.

Sunday 15 September Brunch at Mt Lofty Café 11am.

Saturday 18th November, Arts Theatre, Comedy called Treasure Island with a meal at Wakefield Tavern before.

MONEY MATERS

Joker Draw

Weekly winner was Dr Bob Hudson.

In usual fashion Bob drew the Joker and received the jack pot of $1,392.

Bob donated $500 back to the Joker Draw Jackpot . On a previous occasion when he won he donated the entire winnings to the Rotary Foundation.

On behave of the Club thank you Bob for your generosity.

While playing and riding a bike, we have never worn a helmet.
After school we did our homework ourselves and we always played in meadows until sunset
We played with real friends, not virtual friends.
If we were thirsty, we would drink frim the fountain, from the waterfalls, faucet water, not mineral water.
We never worried and got sick even as we shared the same cup or plate with our friends.
We never gained weight by eating bread and pasta every day.
Nothing happened to our feet despite walking barefoot.
We never used food supplements to stay healthy.
We used to make our own toys and play with them.
Our parents were not rich. They gave us love, not material gifts.
We never had a cell phone, DVD, PSP, game console, Xbox, video games, PC, laptop, internet chat . . . but we had true friends.
We visited our friends without being invited and shared and enjoyed the food with their family.
Parents lived nearby to take advantage of family time.
We may have had black and white photos, but you can find colourful memories in these photos.
We are a unique and the most understanding generation, because we are the last generation that listened to their parents.

And we are also the first ones who were forced to listen to their children.~

We are limited edition.

Take advantage of us. Learn from us. We are a treasure destined to disappear soon.

Please Note: If you would like to put your name down for any Roster contact ROBERT HUDSON 0409434678

If you are unable to fill your rostered role, please arrange a swap with another member before advising Bob Hudson and Kidman Krier Editor Robert Ryan - rjvaryan@bigpond.com

Rotary Volunteers Meals on Wheels Protocol

Charles Sturt Meals on Wheels kitchen is situated at the Rear of **Festival Function Centre, 292 Findon Road, Findon in carpark.**

You report to the supervisor, enter the kitchen through the door on the left of the building as you look at it. This is the tea room area. Please be at the kitchen no later than 10.50am for departure at 11.00 am. Phone number is 0407603637 (Grace Giles).

The Rotary volunteer drives their own vehicle taking a Meals on Wheels volunteer out on the round to deliver meals to recipients.

Rotarian is not required to help with meal preparation. Rotarian helps the MOW volunteer put the meal boxes into the vehicle.

Rotarian is the driver who provides his own vehicle to take MOW volunteer to recipients homes and will usually know the round.

The Meals on Wheels volunteer will accompany the Rotarian volunteer on the delivery round.

The Rotarian volunteer can help the Meals on Wheels volunteer deliver the meals to the recipients. This depends on how the MOW volunteer works.

The MOW volunteer will put meal into a basket for the recipient , so Rotarian volunteer can either remain in vehicle or go in to meet recipient.

The typical shift will take approximately 1 1/2 to 2 hours depending on the number of recipients.

A current Police Check is required by volunteers to visit the aged in their homes. Your Rotary police Clearance will be ok.

The volunteer does not have to show proof of Covid or Flu vaccination, obviously it is preferable if you have had the vaccination.

If you have a breakdown or accident the MOW volunteer will call for a taxi and will continue on the remainder of the round and return to the kitchen afterwards. You are left to deal with the issues with your vehicle as you see fit to do.
