Club News:

Rotary Kidman Park

From Co-President's Karen Feind. & Ron Harris:

It was good to hear from Jane and Hannah about the Australian Rotary Health Indigenous Scholar Programme. Interesting to know that the programme which started in Adelaide has now received national support from ARH. We can look forward to following Hannah's progress in her medical studies at Flinders University.
Committee meetings again next Tuesday with plenty of ideas flowing.

Co-Pres Ron

I**nternational Committee Chair Rob Hughes** announced that the KPR Board had approved $4,000 for the 2H Project for Cambodia. Hopefully, combined with a matching District Grant, the monies will be put towards point of care Ultrasounds to be used for maternal care.

In less than the time it takes to drink your next coffee …

another mother will die in childbirth or from pregnancy-related complications. That's one woman every 2 minutes. The equivalent of two 747 passenger planes crashing every day … and that's hard to imagine.

IMPROVED ANTENATAL CARE

Point-of-care ultrasound assists midwives in diagnosing conditions and identifying the risk factors relevant to obstetric complexities which is crucial for early intervention and referral.

DEMONSTRATED SUCCESS

The culmination of the 12-month pilot represents a remarkable achievement in advancing antenatal care and improving perinatal health outcomes within the targeted regions.

Between Jan-Dec 2023:

- 1,988 ultrasound scans, 8,745 antenatal appointments, 1,528 healthy births, 209 referral
- Increase in antenatal appointments (10-30%)
- 94% adherence to established imaging protocols
- Zero maternal deaths - 100% of midwives reported improved patient care
- 100% of midwives reported that ultrasound had helped to improve their practice and confidence as a midwife

Australian Rotary Health - Indigenous Health Scholarships

Jane Gascoigne, Chair of the Indigenous Health Scholarship Program, and Hannah Hughes, KPR Scholarship Recipient spoke from their respective points of view.

How the Scholarship Program Began
The partnership between Rotary and Health commenced in South Australia after pharmacist Geoff Bailey from the Rotary Club of Mitcham approached the then Minister, Dean Brown in 1999. The partners agreed to contribute matching funds for 'Indigenous Medical Scholarships', later expanded to include any health degree-level qualification. The SA model was later adopted nationally through Australian Rotary Health, in partnership with commonwealth and state and territory governments.

When the Program began, there were no Aboriginal doctors or dentists practising in SA, and only 4FTE registered nurses working in the SA public health system. In the past 25 years, there have been 174 graduations (169 graduates); and of the 174 graduations, 102 were co-sponsored with Rotary.
Over 25 years, the Program has supported:

- 54 Registered Nurses
- 15 Doctors of Medicine
- 14 Psychologists
- 7 Physiotherapists
- 7 Registered Midwives
- 6 Occupational Therapists
- 6 Dentists
- 5 Social Workers
- 2 Paramedics and many others in allied health professions.

The first two co-sponsored recipients were Dr Aleeta Fejo (Dawes) and Dr Olivia O'Donoghue. One of the earlier graduates, Prof James Charles, qualified as the first Aboriginal podiatrist in SA and one of the first Aboriginal podiatrists in Australia.

Hannah Hughes spoke on: How will I contribute to improving Indigenous health as a qualified medical practitioner or health worker?
Studying a bachelor of Oral health is something in which I have always wanted to undertake. This line of study will see me being able to work a hands-on job which will allow me to interact with a diverse range of patients. I feel that when I graduate this course it will provide me with the satisfaction that I have made the right decision in my path of study.

Club News:

When I graduate I have always intended on using this qualification t o help work towards improving dental health in remote regional communities. With many of these communities not being able to afford/travel for dental care and also not many practitioners wanting to travel to meet them this means that the dental health in these communities is rapidly deteriorating, because of this I am driven by the idea of being able to help out those who are less fortunate. As much as I am already aware of how poor oral care can impact someone's health throughout my study my knowledge will be expanded upon and I will be able to inform and help those who are unaware and provide them with the care they need. Being able to do this and see everyone give a smile once their care is done is something which drives me every day to succeed with this plan I have set for myself and fills me with the desire to hopefully inspire other's to follow along

Hannah Hughes

Rotary Kidman Park

Attention all who are assisting a Guest Speaker with IT processes

This will likely now affect all members at various times so please note the following:-

The KPR Board has discussed and agreed on a path that will enable our Guest Speakers to have maximum success with technology during their visit to KPR.
It is imperative that the Speaker is advised weeks prior to their visit via the Speaker Template email, that they should bring their own Laptop and mouse for their own familiarity with the equipment.
Our Venue provides the following.....two microphones, the HDMI connection of Laptop to the Venue Projector onto the Venue Screen.

It has been decided by our KPR Board that it creates more problems if we have our own Laptop on site...e.g. is it operable by the Speaker? is it powered up? what is the password? etc.
Hence the Speaker should always use their own Laptop. If they do not have a Laptop....which will be very rare....then they should email their presentation file to the KPR contact who has arranged for them to speak. That person can then follow up a Laptop from their Committee who is responsible for arranging that Speaker.

Below are the notes and photos from a past Training Session with the Venue General Manager. All this still applies.
They are now relevant to all Committees and all persons who will be arranging any Speakers.
Each Committee may wish to delegate this role to one person in their Committee to cover that IT assist role for Tues night Meetings for their Speakers.
There will be spare copies of these notes and photos in the top left shelf of the KPR cupboard at the Venue. for access on any Tues night.

The AV Process is below in the relevant order

both Microphones are effective if held on the chin ...sometimes the Speaker (and our Members) will need reminding of this.
Usually if the Microphones are not clear, then it is likely operator mishandling

The Speaker is to take their laptop and mouse to the Venue. We have a Remote slide changer on site in our cupboard

If requiring internet (not just Power Points) then you need to insert the Wifi password if available or you can use your mobile phone as hotspot as an alternative

Two cords on the table to be inserted into wall plugs ...see photo. The smaller pink cable is for audio. The other end of those cords go into ports on your laptop. See photo of Laptop.
Ensure the pink cable is properly inserted into the slot on the Laptop. The sound must be switched on at the Bar per Emily if not already done..

Club News:

Rotary Kidman Park

the HDMI Remote for the Projector is put out on the table by the Bar service team. Emily will know the Location of the HDMI Remote if needed, however the Projector is always switched on each week prior to our arrival..
If not then the power on the HDMI Remote is the top left button.
Then go over to under the Projector and push the HDMI button on the Remote...the Red Light on the base of the Projector will turn green.

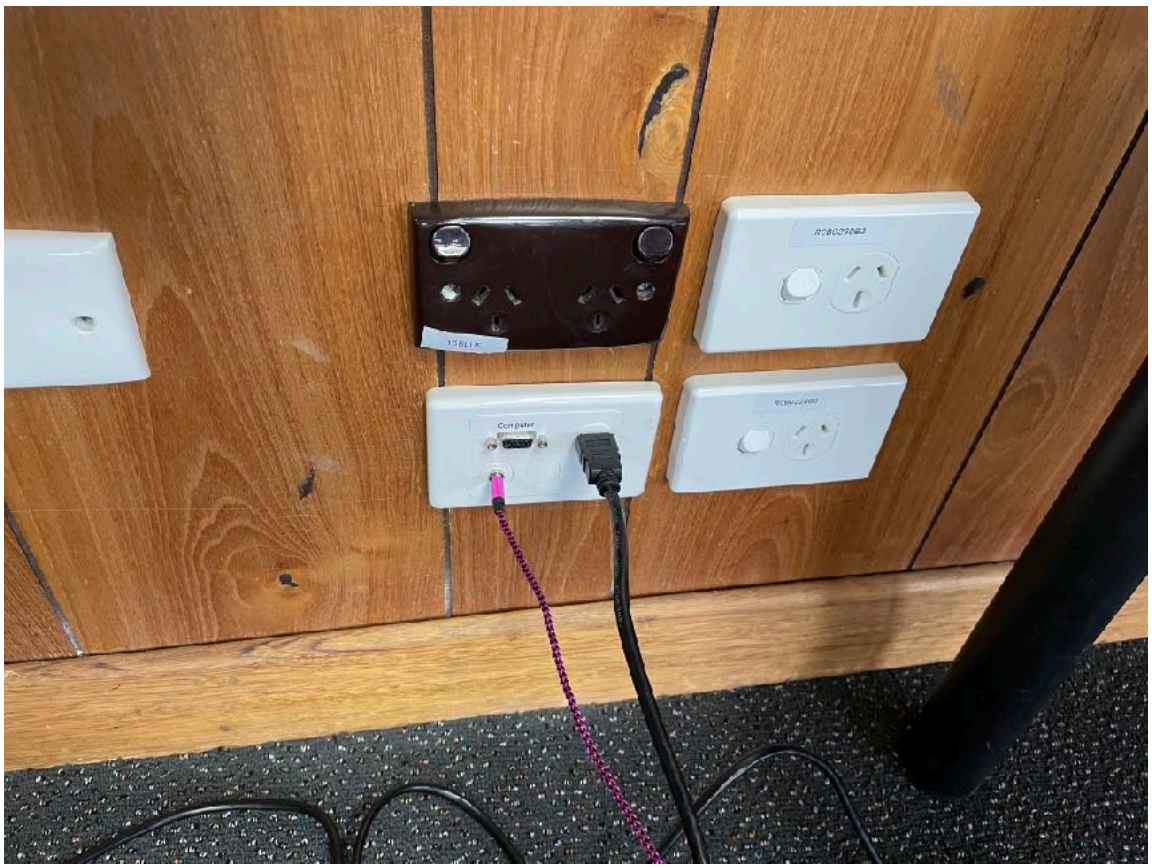

the screen drops down but it will already be put down by the Bar team before we arrive.

To increase the Volume then use the "headphones" option on the laptop screen. You can also use the Audio buttons on the head of your Laptop keyboard.
or the Audio Buttons at the base of your keyboard. The sound must be switched thru at the Bar by Emily.

if you are using one of the big screen TVs instead of the projector, then Emily will leave the HDMI cable hanging from the TV Screen.
 The other end of that cable plugs into your Laptop Port.
This will enable access to the internet on that TV screen with audio from the TV. This has been successfully handled recently by Rob C on the TV at the West end of our Meeting Room

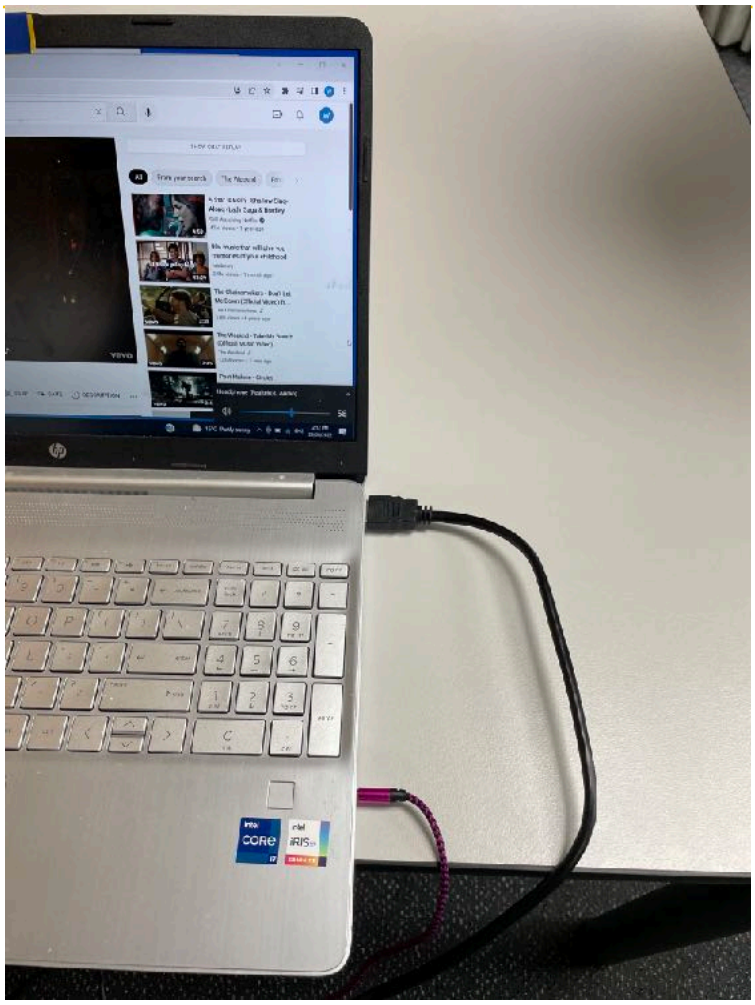

As a Club we are extremely fortunate to have access to these AV resources. We just need to ensure that we clearly understand the operations and processes.

Warren Hobbs
For KPR Board

Club News:

Rotary Kidman Park

Club News:

From the Administration Committee Chair: Wayne Comley

Do you have a spare laptop computer that you could donate to Kidman Park Rotary Club?

We are looking for a Laptop computer that would be kept in our locker at Westward Ho Golf Club and primarily be used as a back up for Guest Speaker presentations.

Currently Warren Hobbs brings his personal computer to meetings as a back up but we would prefer not to have to rely on Warren.

Note: The preference is for Guest Speakers to bring their own laptop to minimise potential incompatibility issues with any back up computer.

Please contact Wayne Comley if you can assist.

Club News:

Rotary Kidman Park

Can you help ?

We are looking for a few volunteers to share the role of assisting Guest Speakers connect their Laptop to the Westward Ho Golf Club system.

An instruction sheet will be provided and Warren Hobbs will assist with training. It is envisaged that the volunteers would be rostered for one month at a time.

Please contact Wayne Comley if you can assist

Do you need a new name badge ?

The Administration Committee is currently investigating obtaining new badges with the possibility of a new design, but we are aware that some members have misplaced their current badge.

It is proposed that any new Members badges would

- NOT include the Members Vocation / Classification
- NOT include reference to Paul Harris Fellow award since recipients would have a PHF lapel badge.

Please contact Wayne Comley if you need a new badge.

DINNER for just 27cents – WOW !!

If your credit/Eftpos card is Mastercard and ends in …..3951 then you got your meal for 27cents instead of $27 due to our cashier/ operator having the “fat finger syndrome” and pressing the wrong buttons. We know you arrived early and were the 4th person to pay at 17:46pm. Feel free to add $26.73 when you pay next week.

Club News:

Rotary Kidman Park

Henley Beach RC held an impressive Quiz night last Sat night held at the Grange Bowling Club.
The room was at capacity with around 100 attendees, gathered at 12 tables of 8 or so in a very suitable Venue.
The merry band of HBRC organizers continuing to punch well above their weight division....John and Mandy Carter, Neil and Julia Merkel, Anthony Masson, Frank Shirippa and a few other helpers.
The Beneficiary for the occasion was the Sammy D Foundation who have also been a Guest Speaker for KPR last month....a Charity that addresses violence
in our local schools. At a guess HBRC would have raised around $3000+ for Sammy D. Our KPR Board has also recently discussed how we could separately assist Sammy D Fdn.

The august gathering seemed to greatly enjoy the occasion with the Quiz coordinated by two experienced Quizzers with gettable answers.
Also a few other fun games and a raffle with 7 significant prizes (eg one of which was a $100 voucher from Drakes) to keep us all focused.

Some of the attendees were interesting ....several from Glenelg Rotary Club including their past Pres Allison including their newly arrived Rotary Exchange Student
from Spain(not a common country for Exchange) and another overseas student friend.
Glenelg RC apparently are sharing the Rotary Exchange with another nearby RC.
Sammy D Foundation also had a table attending.

Frank Shirippa grabbed the opportunity to speak to the gathering about the impressive history of HBRC.....and it is impressive....and also encouraged
the gathering to consider whether anyone might like to join their happy throng as a Rotarian.
Nothing ventured then nothing gained.....a go-getter couple from our table aged in their 50's took up the challenge and they are attending the HBRC meeting this Wed.
Out of interest HBRC still meet weekly and their Venue is the Bartley Hotel at West Lakes.
Their Co-Presidents are Mandy Carter and Julia Merkel.

A fantastic night!! How about KPRC organise a table for the next HBRC Quiz night.

6th September at Bookmart - Time to be advised

Club assets include:-
The BBQ Trailer, Cooking and Storage items, Gas Bottles, Fold up tables, Aprons, the Pop up Gazebo etc.

A stocktake will also provide the opportunity to check the condition and some items may be a bit tired.
e.g. the lettering on the Pop up Gazebo is peeling off.

Most of the Club's assets are currently stored in the shed at Bookmart, but members may have accumulated some at their home and this will provide the opportunity to return them.

Volunteers needed -
the stocktake should not be a difficult task.

Club News:

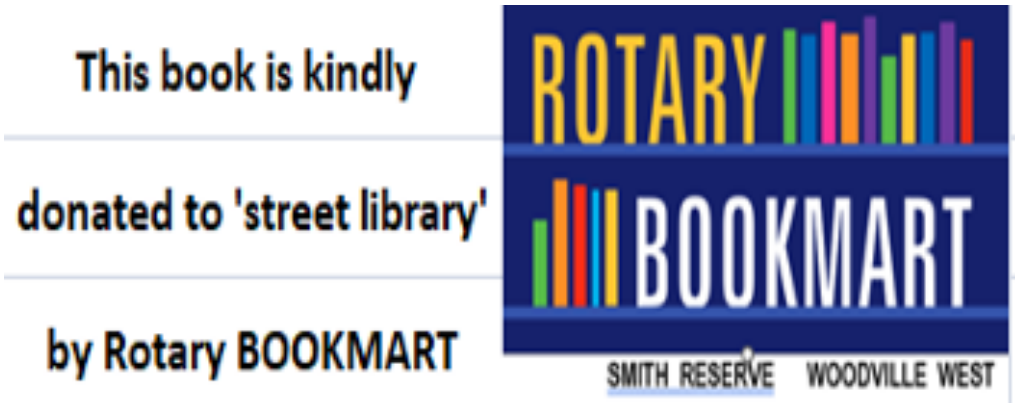

Rotary Kidman Park

BOOKMART and the "COMMUNITY STREET LIBRARY"

The Bookmart committee have adopted Rob Chambers idea to boost our community profile and hopefully our book sales.
Here's the plan: There are approximately 70 'Street Libraries' in the western suburbs and they operate like a free book exchange located on the street corner, park or playground. (Take a book and leave a book.) My idea is to place quality surplus books donated from the Bookmart in those boxes. Each book will have our bookmark inserted and a sticker on the front to recognise our donation. We would also place a bundle of our bookmarks in the box for people to take. The people who visit these 'Street Libraries' have an interest in books which will cause them to visit our Bookmart.

Club Members Janet Johnson & Jenny Harris and Bookmart Volunteers Ann Nagy, Jeannie & Dawn have each volunteers to deliver culled books to Street Libraries in the vicinity of their homes.

Take my Hand

As a vibrant young Australian woman, Laura forges a successful banking career in London and seemingly has the perfect marriage. Her world is turned upside down when she is diagnosed with multiple sclerosis and her husband starts to show his true colours. When a tragic accident leaves Laura a widowed mother with three sons, she returns home to Australia, and is reunited with Michael, a high school friend and a divorcee with one daughter, who has loved Laura since they were teenagers. In each other with their newly merged family in the small country town they grew up in – the couple's lifelong search for happiness, peace and mutual love is finally realised.

Advanced Notice Meal & Theatre Night - 23rd November 2024

Meal at: “Saracens’s Head Hotel 82 Carrington Street, Adelaide - Time: 5.30 pm
Theatre: “Arts Theatre” 53 Angas Street, Adelaide - Time: 7.15 pm

Show:

Voted Australia’s best television ever, “Mother and Son” picks up the story of this crazy family today.

Maggie Beare is in the early stages of dementia and her younger son Arthur reluctantly lives with her. Despite being increasing forgetful, Maggie is lucid enough to strategically manipulate Arthur, usually for something outlandish and inconvenient.

Their family is dysfunctional and Arthur’s budding love life is “on the rocks” before he gets to hand holding.

Written by the series writer, Geoffrey Atherton, it is a poignant tribute to older people. It is also about dependence, love, family, and being driven up the wall by someone you love, but never outsmart.

Directed by Jude Hines
