Club News:

Rotary Kidman Park

From the Co-President

It was great to hear General Manager of Westward Ho - Colin Anderson talk about his life and passion for golf. He took us though the reason to move to sunny Adelaide over 10 years ago with his family and the 4 months it took to get here visiting multiple countries across the way in Europe, North America and Asia.

Escape to Better Foundation - project

At the meeting I discussed the results of the Group 4 Rotary meeting where we had to agree on a group project as all groups have to do.

We have agreed on supporting the Escape to Better Foundation https://escapetobetter.org/

Karen Anderson from the Foundation explained what the aim of the Foundation is about : to help victims /survivors of domestic violence plan and implement a sustainable escape from abuse before they are in crisis. There also resources for family/friends and the workplace.

Our role (group 4) is to assist the Foundation in providing awareness of their website. The goal is to place posters in women's public toilets. The posters will have a QR code that takes them to their website.

Before we place the posters up we will need to negotiate with building management ie council, Westfield etc for permission.

I will arrange for Karen to talk to us in the new year.

Bookmart update.

A one week sale starts this Saturday 23 to Saturday 30 November. All books $3 Kids books $1.

The Girl Guides continue to decorate our Xmas tree for us.

Air-conditioning is planned for 3 December and the volunteer Thank you is planned for 4 December.

Karen Feind

Club News:

Rotary Kidman Park

The Girl Guides started decorating our Xmas tree at Bookmart last week.

They will be adding to it over the next couple of weeks.

Club News:

Guest speaker Colin Anderson, General Manager of the Westward Ho Golf Club

Colin Anderson has an impressive career that combines his expertise in finance with his passion for golf. Originally from Scotland, Colin's love for golf was honed at the Murcar Links Golf Club in Aberdeen, where he developed into a skilled player. He played for the Robert Gordon College golf team and eventually became the captain. In 1992, he was part of the Aberdeen University golf team and graduated a year later with a degree in Accountancy.

In 1999, Colin married Angela, and the couple enjoyed their honeymoon in Kenya. By 2000, he had become a chartered accountant and his career took him to Bermuda, where he played at the Port Royal Golf Club. Following this, he moved to the Isle of Man for professional pursuits.

In 2014, Colin and his family decided to emigrate to Australia. On their way, they embarked on an incredible 97-day journey, including 23 flights, visits to five continents, and three cruises, ultimately settling in Adelaide. Initially working as a financial analyst, Colin soon returned to his golf roots. By June 2024, he achieved

a significant milestone by becoming the General Manager of the Westward Ho Golf Club.

Rotary Grants

We have been advised that KPR has been awarded Rotary matching grants for the following projects:

1. $2,000 for the 2H Project Cambodia - which will be put to buying an ultra sound to improve outcomes for mothers and babies.

2. $1,800 for Cambodia Clean Water - by providing funds for drilling wells for clean water in rural areas.

Steve Redden also announced that Bendigo Bank had donated $2,000 towards buying Shelter Bags, many thanks to Bendigo bank.

An excellent outcome.

The Arts Theatre Night - this Saturday 23rd November

Ian Roberts asked that those eating at the **Saracens Head Hotel, 82 Carrington St,** Adelaide prior to the Arts Theatre performance, **be there by 5:30pm.**

This will allow time to order and receive meals so that we are not rushed to making the performance.

Club News:

Rotary Kidman Park

"Our club members will remember that a few years ago the international committee of our club organised to send a container with medical and household goods to the island of Tanna in Vanuatu.
This was a major operation and with help of a lot of our club members we managed to prepare the container for transport to that part of the world.
That journey entailed road transport to the port, rail transport to Melbourne, freighter transport to Port Vila and after customs clearance there, reloading onto a ferry for transport to Tanna.
I was on a family holiday cruise a couple of weeks ago and stopped in Port Vila and to my surprise I noticed the Tanna ferry while on the tender to shore.
Somehow it warmed my heart to see the old rust bucket laying there, imagining that this second world war troop transport ship transported our container to a remote part of the country of Vanuatu.
I was told that this trip took 14 hours and that, at the other end, a lone forktruck aided by some light trucks dragged our container onto a piece of land the locals call "Port Brethel".
I thought it would be nice to share this with you.
(Coming back from a swim in the Blue Lagoon, my dress sense is not great but apart from the colour of my skin I blended in well with the locals….")

‘When,’ not ‘if’: Progress continues toward ending polio

On World Polio Day, Rotary International leaders and public health experts reiterate their commitment to global eradication

RI News:

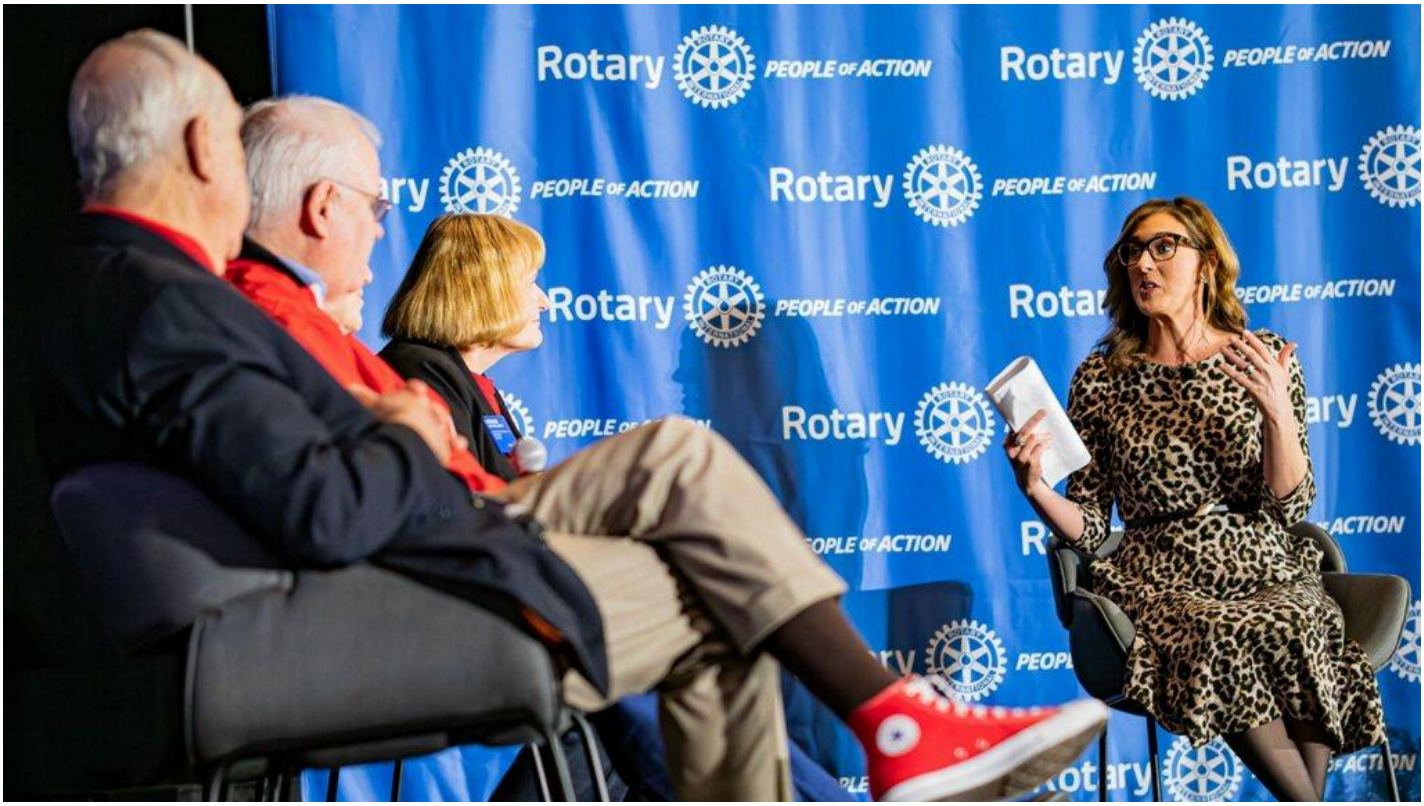

Rotary Kidman Park

By Etelka Lehoczky and Arnold R. Grahl

Eradicating polio around the world is still an attainable goal, Rotary International President Stephanie A. Urchick and public health experts said as they commemorated World Polio Day in the city where the vaccine was developed.

“I know it is a question of when polio will be eradicated, not if,” Urchick told the audience at a livestream event on 24 October in Pittsburgh, Pennsylvania, USA.

“Our Action Plan talks about improving our impact. That’s really where our polio eradication program shines,” Urchick added. “Millions of children won’t get this crippling disease. Billions of U.S. dollars won’t be spent on ancillary health care costs as a result of this disease. We have made so much progress.”

Rotary leaders, including RI President Stephanie Urchick (middle), and global health experts discuss the future of the polio eradication effort at a World Polio Day event in Pittsburgh, Pennsylvania, USA, 24 October 2024.

Donate to help eradicate polio

RI News:

Rotary Kidman Park

World Polio Day raises awareness and funds for the Global Polio Eradication Initiative's work to eliminate the disease. Since Rotary and its partners formed the GPEI in 1988, the number of wild polio cases has decreased by 99.9%. The event highlighted Rotary's continuing efforts toward complete eradication.

Polio remains endemic in two countries, Afghanistan and Pakistan. In 2024, increased case counts of wild poliovirus and the first case of paralytic polio in Gaza in 25 years served as a reminder that until the disease is fully eliminated everywhere, it remains a threat to children everywhere.

Despite the challenges, Michael K. McGovern, chair of the International PolioPlus Committee, said he remains confident as ever that global eradication is within reach. "We're in a bumpy period, but we're going to get this done by continuing to focus on Afghanistan and Pakistan and doing the things that were done so successfully by Rotarians," he said.

The event included videos featuring polio vaccination workers in the field. Urchick said she was inspired by them during a visit to Karachi, Pakistan, earlier this year.

"Men work diligently to immunize thousands of children every day at traffic checkpoints, while women go house to house to reach families directly," Urchick said. "Some workers literally climb mountains to vaccinate children in remote locations, and their determination never wavers."

The livestream event was part of a two-day Rotary zone institute. RI Director Patrick Eakes, who convened the institute, said Pittsburgh was a perfect location because it's where Dr. Jonas Salk developed the vaccine. "We realized we were in a unique position," said Eakes, a member of the Rotary Club of Crescent (Greensboro), North Carolina, USA.

Dr. Peter L. Salk, president of the Jonas Salk Legacy Foundation in La Jolla, California, and a part-time professor at the University of Pittsburgh School of Public Health, talked about what drove his father to develop the first inactive polio vaccine.

“He just never let go,” Salk recalled. “It was his personality to have a dream and get things done.”

Salk said his father wanted to make a difference in the world from a young age and became interested in science. After working in the U.S. state of Michigan on an influenza vaccine, he came to Pittsburgh in 1947 to work at the virus research lab and received a grant for polio research from the National Foundation for Infantile Paralysis. That led to his work developing the inactive polio vaccine.

Other presenters at the livestream event included 2016-17 RI President John Germ. Several members of Rotary’s eradication effort also sent video messages.

In a video shown at the event that was originally recorded for the 2023 Rotary International Convention, Gates Foundation co-founder Bill Gates lauded the commitment toward eradication. “When polio is eradicated, it will be one of the biggest advances in public health in human history,” said Gates. The Gates Foundation, a partner in the GPEI, matches up to US$50 million that Rotary raises each year at a 2-to-1 ratio, which means up to US$150 million for the effort each year.

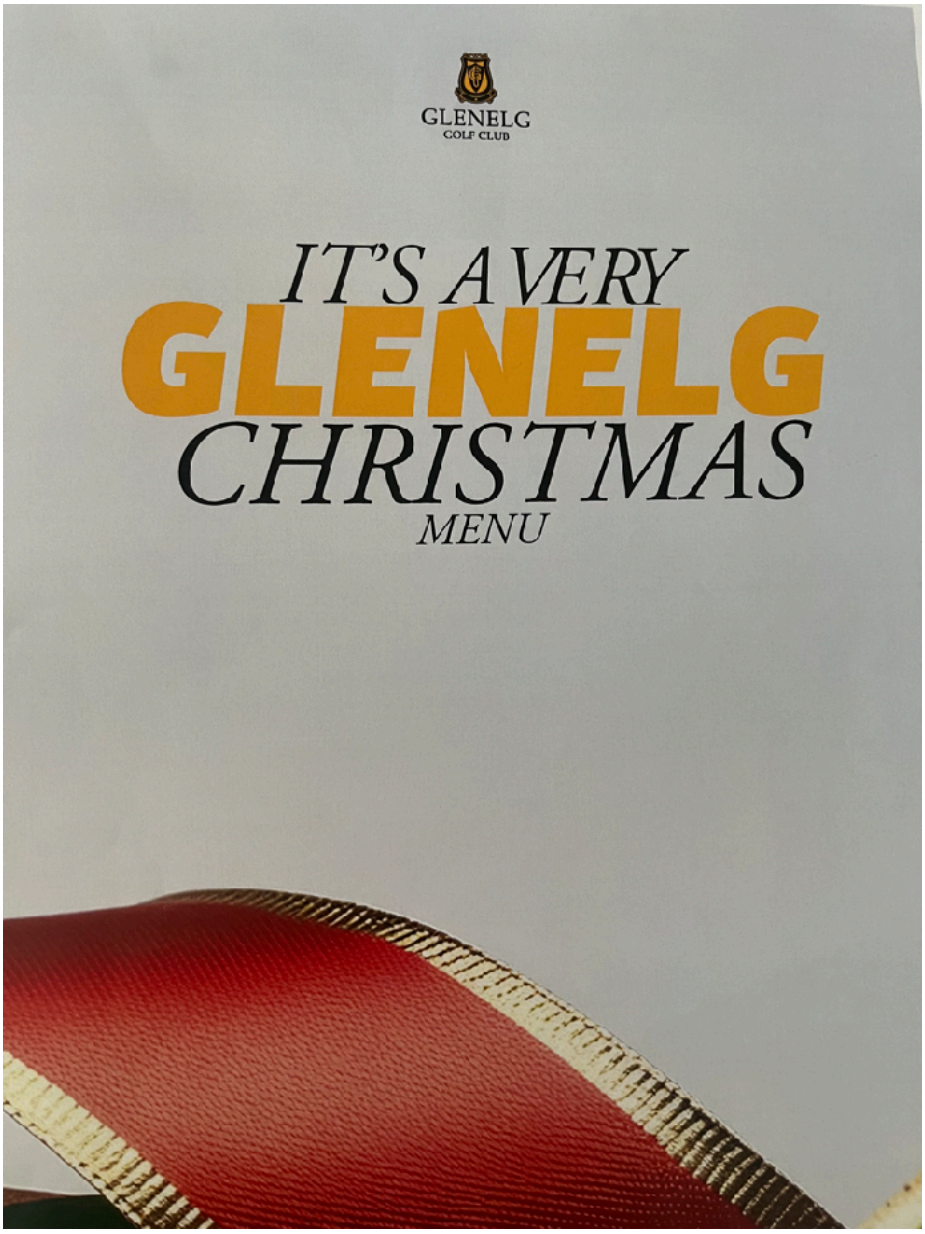

Salk, too, said he was honored to be in a room full of Rotary members who have a passion for solving tough problems.

“Every time I get together with Rotarians,” he said, “I am just uplifted by the quality of humanity that you all radiate and the dedication you put in all the different realms helping the world become a better place.”
