Club News:

Rotary Kidman Park

Co- President Ron

The Board has scheduled a Club Assembly instead of the next Committee night on April 8th. We haven't had a Club Assembly for several years and it is an opportunity for members to raise any issues or suggestions about the progress of the Club.

A matter which will be raised is the question of the name of the Club. The Rotary Club of Kidman Park has had a proud history over 40 years, but there are some who feel that the name is no longer relevant to our place in the community.

I hope that there can be a thoughtful and respectful discussion. It is not proposed that there be a final resolution at this time, but the Board is keen to understand the mood of the members. Any member who cannot attend on the night is invited to provide written comments which will be read out to the meeting.

Ron

Mystery Bus Trip Thursday 13th March

Some 30 plus Rotarians and partners set out on a Mystery Bus Trip. Our first stop was:

St Mathew's Anglican Church at Hamilton near Kapunda and what a gem it was.

The very beautiful Anglican church dedicated to St. Matthew at Hamilton in the Barossa Valley owes much to the generosity of the Dutton family of nearby Anlaby Station. The original church and school building was opened in 1857, and almost 40 years later, in 1896, the foundation stone for a new church was laid by 'Squire' Henry Dutton. The entire cost was covered by Mr Dutton, who was also the honorary organist of the church. Elaborate decorations and furnishings were used in the small church which was built in memory of Henry Dutton's wife, uncle and daughter. (The Dutton's only daughter, Ethel, had died tragically in 1892, when she fell from the rocks on Granite Island, while the family were on holiday.) The architect of the original building was F.T. Naish, and later additions were supervised by Walter Bagot. Of a simple Norman design, the oak fittings and carvings were imported from the firm of Bacon Brothers, of London. The English artist and architect, Sir Thomas Jackson, designed the elaborate chancel roof.

The Hamilton Anglican Church has the reputation of being one of the prettiest and most artistically decorated places of worship in the state.

Second stop:

Anlaby Station

The station is the oldest merino stud in Australia and was settled in 1839 by Capt. John Finnis, who called it “Mount Dispersion” (the Aboriginal name was *Pudna*), and stocked it with 12,000 sheep. The property was acquired in 1841 by Frederick Dutton, at which time it was at the frontier of European settlement. In the early days Anlaby extended from near Kapunda to Tothill's Creek occupying an area of 160,000 acres (64,750 ha) with a length of 25 miles (40 km) and a width of 10 miles (16 km). The neighbouring pastoralist to the west and north was W. S. Peter, while to the south was Bagot's *Koonunga*. To the east was the Murray scrub. A two-man mounted police station was established at Julia Creek between 1842 and 1846 to protect the Anlaby and Koonunga flocks from attacks by local Aboriginal people. The property ran as many as 70,000 sheep and shearing lasted nine months, employing 70 people.

In 1843 a log hut was constructed for the manager Alexander Buchanan. The name of the run was also changed by Dutton to Anlaby, the name of the Yorkshire village that his sister's husband hailed from. The homestead, comprising three interconnected wings, was constructed in 1861 for Alexander Buchanan.

The front of the homestead

On snippet of history associated with Inlaby:

In April 1839, Frederick Dutton made the acquaintance of Alexander Buchanan on his arrival in Adelaide on the 220-ton brig, Welcome from Canada.
Alexander and seven other men from the Welcome planned to overland a mob of sheep from New South Wales with a view to selling them in the Adelaide market and Frederick commissioned them to add approximately 5,000 to the mob on his behalf.
Two months later, Alexander and his team set off aboard the Resource to Sydney to gather a mob of 18,000 sheep.
The stock route from NSW to Adelaide by way of Goulburn and the Murray Valley had only been pioneered the year before by Joseph Hawdon and Charles Bonney, making Alexander's trek one of Australia's very early droving expeditions that took from July 11 to December 10, 1839. His diary provides details of a journey that was epic in terms of survival in a hostile, unfamiliar land and was also a major logistical and management exercise.

St Mathew's Anglican church and Inlaby are inextricably linked by the Dutton Family.

It was a wonderful day exploring these sites and thoroughly enjoyed by all.

Spotted while waiting for the bus load of Rotarians to arrive in Kapunda.The Rotary Club of Kapunda Mural on the southern side of the Post Office.The Mural was created by local Artist Stuart Hoerisch, and erected by Rotarians Frank Ware and Brenton Diener. It has a unique style having a mosaic and tile border and some elements are raised cut-outs.

Kidman Square `Sir Sidney Kidman - A Man Of Vision`
1857 - 1935

This mural describes the story of Sidney Kidman beginning with his life as the young stockman on horseback through to his life as the older gentleman and businessman. It depicts the elements and the sense of space of Australia`s interior with an emphasis on the importance of water and his vision of a `back corridor` to overcome the droughts of Australia`s inland.

He became one of the best known pioneers of outback gaining the title of the `Cattle King`. He went on to become the greatest pastoral landholder in modern history - eventually owing over 100 stations (107,000 square miles) running 200,000 cattle and 250,000 sheep. But he was more than just a cattle man. He had many other successful business ventures and made major contributions to Australia`s war effort.

He married Isabel Wright of Kapunda in 1885 and thereafter made Kapunda his home. Sidney Kidman, the man of vision was knighted in 1921. But wealth, power and honours did not change him. Though controversial at times, he always remained the practical, homespun bushman loyaly respected by his station managers, workers and fellow businessmen.

Kapunda will remember him particularly for the gift of his home `Eringa` for the purpose of a High School, his instigation of the Kapunda horse sales (the largest in the southern hemisphere) and his generosity during difficult times.

Rotary Club of Kidman Park

Attention: Rob Hughes

25 February 2025

Dear Members of Kidman Park Rotary

On behalf of The 2h Project, I would like to extend our heartfelt thanks to the Rotary Club of Kidman Park for your generous donation of $4,000.00. Your support will assist us in expanding our ultrasound project to another three health centres in the province of Pailin, Cambodia.

This contribution will have a profound impact on the delivery of essential maternal healthcare services in these remote areas. Access to ultrasound technology will allow midwives to better assess and manage pregnancies, ultimately saving lives and improving maternal and newborn outcomes. Your donation brings us closer to our ambitious goal of expanding this project to 60 sites (14 health centres/improved maternal care to 150,000 population in March 2025), ensuring that more women and families receive the critical care they deserve.

We are incredibly grateful for your trust in our work and your commitment to improving healthcare for vulnerable pregnant women. The Rotary Club of Kidman Park's support is invaluable as we continue to strive for positive and lasting change in these underserved communities.

Once again, thank you for partnering with us in this vital initiative. We look forward to sharing updates with you as we continue to expand the reach of our project and provide life-saving care to more health centres across Cambodia.

Warm regards

Kevin Taylor

Co-founder and Executive Director

Speaker: Neil McFarlane

Topic: Climate Change Explained

Dr Neil McFarlane is the Director of Special Projects **Climate** in the Department for Environment and Water (DEW) based in Adelaide, South Australia. His knowledge and expertise in **climate** change, renewable energy and disaster risk management culminates into the core work of climate mitigation and adaptation for the Government of South Australia.

Previously he worked for the Green **Climate** Fund in the Republic of Korea as the Deputy Director and Adaptation Coordinator. He spent several years in the United Nations Office for Disaster Reduction in Geneva where he coordinated the international agreement on the *2015-2030 Sendai Framework for Disaster Risk Reduction*. He also spent one year in 2023-24 as the Senior Advisor on **Climate Change** to the Prime Minister of Fiji.

Dr McFarlane is an experienced executive overseeing policy and projects related to **climate**, emissions reduction and disaster risk management at local, national and international level. He holds a PhD in Development Economics from Deakin University.

This is an evening you should not miss!

RESILIENCE FIRST AID STARTER TRAINING

Rotary District 9510

Rotary Club of Elizabeth

Discover Connected Resilience with RFAST's transformative **3-hour workshop**, designed to equip you with essential tools and strategies for fostering mental well-being in yourself and others.

WHY ATTEND RESILIENCE FIRST AID STARTER TRAINING (**RFAST**)?

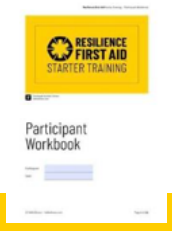

Delve into the evolving world of **mental health prevention** and learn how to create a supportive environment through **psychosocial hazard awareness**.

Join us to unlock your potential in promoting resilience and embark on a journey of personal growth and empowerment for the betterment of your community, workplace, and personal life.

Included in RFAST:

- **RFAST Participant Workbook** – Summary of the workshop content, space for notes, plus your own Active Strength analysis and personal Resilience Action Plan
- **Completion Certificate** – Useful for evidence of ongoing professional development marking 2 hours of attended training

Training Outcomes:

By participating in RFAST's workshop, you will:

- Develop an appreciation for mental health prevention strategies
- Understand the significance of supporting resilience in others
- Enhance your ability to recognise when someone needs resilience support
- Identify your strengths and create a resilience action plan

Curriculum Overview:

The RFAST workshop covers the following topics:

- The evolution of mental health towards prevention, emerging trends in therapies, and new approaches
- The importance of psychosocial hazard awareness and your role in promoting a healthy environment
- The concept of Connected Resilience and strategies for cultivating it
- The six resilience domains, including their highs, lows, and risk factor awareness
- Identifying your unique strengths and creating a tailored resilience action plan

RFAST Summary:

3-hour workshop Purpose:

- Preventative approach to mental health
- Develop a culture of resilience
- Psychosocial hazard awareness training
- Understand resilience & create an action plan

Open to anyone

Formats:

- Live - trainer led

Fees: **$20 Booking Fee**

All Inclusive
