**Wayne Comley - Email: waynecomley@icloud.com**

# Club News:

Rotary Kidman Park

Last Week's Guest Speaker was Past District Governor Marie Dorrington.

Marie spoke about **Interplast**

She has been actively involved with Interplast Australia and New Zealand since mid 2013: as a Board Member for 9 years; a member of the Interplast Rotarian Committee for 11 years; and Chair of the Interplast Design, Monitoring and Evaluation Committee (2020-2024)

Marie travelled with an Interplast Surgical Team to Tonga in 2017, which she says is one of the highlights of her life.

In the Asia Pacific region a lack of resources combines with limited training means people with repairable conditions are often not treated past enough or well enough - if they are treated at all.

Interplast's funding comes from a mix of sources, including the Australian Government through DFAT, corporate supporters, Rotary Clubs and Districts (approx 25-30%), and donations from the public. It also receives support from trusts and foundations.

**What does Interplast do?** It changes futures through Medical care & Training.

Interplast provides surgery to patients and training to staff in the Pacific and Asia. The training programs help strengthen health systems by giving professionals the skills they need to restore function - and hope - to people affected by burns, tumours, hand & foot injuries, congenital anomalies and more.

For more information / or to make a donation go to: www.interplast.org.au

## Do Interplast and ROMAC do the same work ?

*EDITOR'S NOTE:*

*The following answer was found on Google and was generated by AI*

No, Interplast and Rotary Oceania Medical Aid for Children (ROMAC) do not do the same work, though they are connected. Interplast focuses on providing surgery and training to medical staff in the Pacific and Asia, while ROMAC provides medical assistance to children in New Zealand and Australia, working with various partners like hospitals and airlines.

- **Interplast:**
  Interplast is a medical charity focused on providing reconstructive surgery and training to medical staff in the Pacific and Asia. They are co-founded by Rotary and work in partnership with Rotary clubs and districts across Oceania and Australia.

- **ROMAC:**
  Rotary Oceania Medical Aid for Children (ROMAC) focuses on providing medical aid to children, primarily in New Zealand and Australia. They rely on a network of medical experts, hospitals, and other supporters to deliver services.

While both organizations are connected to Rotary, they have distinct focuses and geographic areas of operation. Interplast's primary focus is on surgery and training in the Pacific and Asia, while ROMAC's primary focus is on medical aid for children in New Zealand and Australia, according to District 9675 and the Interplast Australia FAQ.

## HOW WE SERVE HAS DIVERSIFIED

Since 1983, Interplast's teams of volunteer surgeons, anaesthetists, nurses and allied health professionals have visited hospitals in developing nations across the Asia-Pacific.

They provide plastic and reconstructive surgeries, post-operative care, and rehabilitation to patients in desperate need. Patients who otherwise could not afford or access this life-changing care.

Interplast's volunteers also train and mentor their in-country colleagues. We are committed to increasing local capacity, to reduce the time patients must wait for treatment.

COVID-19 temporarily stopped our teams visiting our partner countries in person. But it did give us a chance to develop our on-line training and remote mentoring programs. These new strategies are game-changers, because they give local practitioners access to Interplast expertise, when, where, and as often as they need it.

The success of Interplast's on-line and remote training for clinicians in more than 30 countries during the pandemic was unprecedented. Live and on-demand webinars have provided more than 90,800 hours of medical education. And Interplast volunteers have delivered more than 15,000 hours of remote mentoring.

Interplast can now provide these remote and on-line services into the future, in addition to our traditional in-country programs.

Together, Interplast and Rotary are making an impact on the inequity of surgical and allied health care in developing nations.

## ROTARIANS WERE THERE AT THE BEGINNING OF INTERPLAST. WE STILL NEED YOUR SUPPORT.

Ankhbayar, 2022

## "BEFORE THE SURGERY HE COULD NOT SHUT HIS EYE WHILE SLEEPING. NOW MY SON SLEEPS WITH HIS EYES COMPLETELY CLOSED."

Ankhbayar's mother.

Four-year-old Ankhbayar in Mongolia suffered severe facial burns as an infant. Thankfully, he received life-changing surgery from Interplast which enabled him to close his left eye for the first time since he was 14 months old.

Children like Ankhbayar who suffer traumatic burns require multiple interventions as they grow, to achieve the best possible outcomes from surgery.

That's why capacity-building programs and ongoing partnerships between Interplast surgeons and their colleagues in developing nations are so essential.

## International Committee project - Water Wells for Cambodia

The Rotary Club of Kidman Park (RCKP) has successfully delivered a project to install six (6) water wells in the rural areas of Cambodia to provide clean water for small groups of families that currently do not have access to safe and reliable water in their local communities. The project was backed by the Rotary Australia World Community Services (RAWCS) system (RAWCS Project 1-2018-2019) and delivered on ground in Cambodia by the Vision Cambodia organisation who partner with the Rotary E-Club of Outback Australia District 9560.

The Cambodian people endured Genocide during the Khmer Rouge and Pol Pot era (1975-1979), resulting in 2 million deaths or 25% of the population.

Today, 65% of the population is under the age of 25 years. There is much needed to improve the country, especially in the realms of health. Families in rural area earn less than $2 per day and cannot afford to build water wells.

Drinking water is very scare in the rural areas in Cambodia. Most of the local people are dependent on the water from ponds, lakes and rivers for their daily use and many people have to travel long distances by foot to get to water. This water is not clean or reliable and can cause diarrhoea and other serious illnesses. The building of groundwater wells in these small rural communities to provide safe clean drinking water is the most sustainable and effective method of providing the water needs, rather than the installation of much more expensive large treatment and pumping facilities.

The project has built six clean water wells for poor families in villages in the Banteay Srey District, Siem Reap Province of Cambodia. They will improve the health, life expectancy and living conditions in the community. Clean water is an essential part of living a healthy life, and for many rural Cambodians clean water can be almost impossible to come by. Without water wells, Cambodians are at a constant risk of contracting illnesses that can be debilitating or even fatal. The wells that we will build are a critical source of clean water. The water from these wells will used for bathing, cooking, cleaning, drinking, as well as for animals and growing vegetables in gardens.

The six wells were built in locations determined by Vision Cambodia using their local on ground knowledge and expertise. Vision Cambodia is an organisation that uses unpaid volunteers from around the World who donate their time, money and talents to support meaningful and effective humanitarian projects in Cambodia. The project was executed at the local level, with local people supporting each other through the delivery of the projects.

# Club News:

Each project involved the determination of where the well is needed to be drilled, based on the needs of various communities, drilling the bore and fitting a borehole casing, pouring a concrete slab around the bore facility and to fit out the bore with a hand pump. The current cost for each well is $600AU. Each of the wells will be fitted with signage recognising the input from Rotary Club of Kidman Park in providing it.

Providing safe drinking water is one of the seven key areas of Rotary's chosen causes.This project will provide safe drinking water to six communities in need in Cambodia.

International Water Wells for Cambodia - Finance/Funding

Cash Contributions from Clubs and Rotarians

- Rotary Club of Kidman Park $1800
- District Grant Requested $1800

Itemised Budget

Provide six water wells in Cambodia at a cost of $600 each

TOTAL $3600

*EDITOR"S NOTE:*

- *The profit from **one** Bunnings BBQ almost covered our share of the cost to provide the six wells. A District Grant covered the balance.*
- *Rob Hughes - K.P.R. International Committee Chair provided the information for this article and also prepared and submitted the District Grant Application.*

## Bunning BBQ Report - Easter Saturday

Thanks to all the volunteers for your efforts with the Bunnings BBQ on EASTER Sat 19th 2025.

**David Taylor was our key coordinator for this event and our Sales and Net Profit was our best in recent memory.**
Well done ....and thanks to David who also covers a role on Shift#3
David also did some recruiting at home with his Partner Jan on board in Shift#3.
David....please pass on our special thanks to Jan.

We also had some late and seasoned BBQ Volunteers join our Shift#2 which is the busy Lunch time shift.
That was Chris Branson and his Peterborough pal Daryl. That extra help was needed on that very busy shift.
Chris....please thank Daryl on behalf of KPR. Daryl has helped at previous BBQs as well.

It is always a guess as to how successful a Public Holiday or an Easter Shift will end up for us for Bunnings BBQ.
In this case, we were very positively surprised.

All of our Volunteers get the BBQ job done and with an accompanying smile and enthusiasm, and all seem to enjoy the role.
And special thanks to each of you in making this BBQ successful....you are all major contributors to the $1380 net profit raised for our KPR projects.

| | |
|---|---|
| Total Sales | $1882(Card $1267 and cash $615 after deducting $ 60 Float) |
| Expenses | 502 |
| Net Profit | $1380 |

Our next Bunnings date offered to KPR is Sat 7th June.
It is good we have a breather in May as we have just come off a busy and highly successful April with Jayco and Bunnings happening in the same month.

Once per month offer from Bunnings is never certain as there are many charities and community groups that are lining up to get a bigger share of the Bunnings BBQ action.

Cheers and thanks
Warren

# Club News:

Rotary Kidman Park

Hi Kidman Parkers

Just 2 places left on our KPR Table of 10 that we have booked to support the Westward Ho Golf Club(WWHo) Quiz night.

We have agreed with WWHo that we will share an ongoing Community Partner relationship given the closeness
with our weekly Venue relationship and we are delighted that they have led us to a Sponsorship arrangement with their longstanding
Sponsorship with Amadio Wines, who hosted a fantastically successful Wine Tasting for KPR last week.
WWHo have expanded our KPR horizons and our Community Partner relationship with them strengthens our KPR profile
within our local community.

Their annual Quiz event detail is on the attached Flyer and it does sell out so hence for KPR to have one table of 10 already booked.
It is also an opportunity to have some fun as a KPR group and to learn more about and support our local Community Partner.
It is for after dinner taking a plate for supper. Cost is $20pp

Please let me know if you would like to take up those last two seats and join the Hudsons, Hughes, Bransons and Hobbs.

Cheers
Warren

## Fellowship Event Update:

# Dinner at Graduates Restaurant Regency Park College of TAFE

### On Friday 2nd May 2025, starting at 6.00 PM.

Due to circumstances, beyond the control of the Rotary Club, details for this Fellowship function had to be changed. The price is now as follows:

**3 course dinner.**

**Unlimited drinks package**

for the total price of **$77-50 a head**.

Drinks served at the table for 1.5 hours

and consisting of Sparkling wine, Red & White wine. Beer, Orange juice, Soft drink and Tea & Coffee

All people, who originally indicated they would attend this function, have been notified of the change and we now have sufficient people to form 2 tables of seven.

Thank you to everyone who has indicated that they will continue to support this Fellowship function.

Shirley Roberts
